FEAR BALLINGER WILL HURT PARTY

Protests Against Secretary Hinders The Congressional Campaign.

WOULD ACCEPT RESIGNATION

If Presented to Taft is Belief of Close Advisers—Situation Discussed at Beverly—Ballinger's Denial.

Beverly, Mass., Aug. 2.—There was increasing evidence here today that the recent bombardment of the President with letters from prominent Republican leaders in all parts of the country, protesting that Secretary of the Interior Ballinger was proving an embarrassment in the laying of plans for the coming Congressional campaign is beginning to have an effect, if not upon the President himself, at least upon the advisers who are closest to him.

No attempt was made today to deny the reports that Senator Crane at the very outset of his political pilgrimage in the West had probably suggested to Secretary Ballinger at Minneapolis yesterday that his duty to the party might require that he sacrifice his place in the cabinet. All that Secretary Norton would say after having considered the matter nearly all day, was that it would be necessary to ask Senator Crane.

The statement was reiterated, however, that President Taft would not so much as lift his little finger if so by doing he could secure the retirement of Secretary Ballinger as head of the Interior Department.

In addition to the letters received the President has heard verbally from a number of the party leaders regarding the sentiment toward Secretary Ballinger. They have talked frankly with Mr. Taft on the subject, it is said, and while they have agreed with the President apparently in his position that nothing has been proved against Secretary Ballinger, they have put the matter purely on a party basis and have said that the campaign would be much easier with the Ballinger issue eliminated. The leaders have declared that the fight is going to be a hard one at best and while they feel sorry for Mr. Ballinger, they regard his presence in the cabinet as a handicap. President Taft was frankly told a few days ago that the movement behind James R. Garfield in Ohio, and the votes cast for him in the State convention were a protest against Secretary Ballinger. The Ohio leaders recognize the strength of this movement by making many platform concessions to the Garfield wing of the party.

There was no disposition in Beverly today to treat the meeting of Senator Crane and Secretary Ballinger in Minneapolis yesterday as "accidental." It was clearly intimated, however, that whatever move was being made against Secretary Ballinger had its inception and being with the active party leaders and not with President Taft. The President it can be positively stated, will never ask Mr. Ballinger to resign.

If the Secretary should feel called upon to resign, however, there is said to be little doubt that the resignation would be accepted.

Ballinger's Denial.

Chicago, Aug. 2.—Secretary Ballinger, of the Interior Department, today denied that his conference yesterday with Senator Crane in Minneapolis related to, or would be followed by his resignation. He said the matter discussed was not even of direct interest to him. He denounced his foes in strong language and said he intended to ignore them entirely.

His denial was issued after reading the despatches from Beverly which indicated that Senator Crane's mission to the West was to carry the hint that Mr. Ballinger would aid the party in forthcoming elections by withdrawing at this time.

"There's no resignation on the card. I can tell you," was Mr. Ballinger's reply to this.

Continuing, he said: "I simply am on my way to the coast for a little rest; some of them want me to take my 'rest' permanent, but it will not be so long as President Taft is satisfied. I met Crane yesterday morning through no arrangement of mine and the matter we discussed—politics of ecours—was nothing which interested me directly, at all. Mr. Crane wished to consult me on a matter and came to where I was, that's all. There's nothing mysterious about it. I guess he's gone back East now.

"All this vicious attack by unscrupulous men backed by newspapers even less scrupulous, goes off my back like water off a duck's back. That never will induce me to resign."

The Secretary said he intended to leave for the West later in the evening.

Manchester, N. H., Aug. 2.—Notices were posted in the 17 cotton mills of the Amoskeag corporation today announcing that the entire plant will be shut down on August 26th and reopened on September 12th. The company in common with other cotton concerns has been curtailing the output since Spring. The closing will affect 15,500 operatives.

STRIKE IS ENDED ON GRAND TRUNK

Announced Agreement Between Railroad and Trainmen Last Night.

CREDIT DUE LABOR MINISTERS

Strike on Central Vermont System Also Called Off—Conditions of Settlement Favor Employes. General Situation.

Ottawa, Ont., Aug. 2.—The strike of conductors, trainmen and yardmen which began on the Grand Trunk and Central Vermont systems on July 18th, was officially called off tonight. Under the terms of the agreement signed by President Hays for the railroads and all the Union officials, the men will receive, dating back to May 1st of this year, an advance of approximately 18 per cent. and beginning January 1st, 1812 a rate of wages slightly below the Eastern Association schedule for which they struck, but an advance in many instances of over 30 per cent.

Much credit for the successful outcome of the peace negotiations is given to W. L. Mackenzie King, the minister of Labor, who has persisted in his efforts to bring the men together despite discouraging set backs.

The agreement follows: "The company will put back as soon as possible the men other than those who have been or may be found guilty of acts of violence or disorderly conduct, the understanding being that there is to be no coercion or intimidation used towards the new men.

"The company will put into effect from May 1, 1910, the rates named in the schedule of rates dated July 18, 1910, those rates to be embodied in the present schedules now in effect on this line, it being understood that those rates shall in no instance effect a reduction in any existing rate.

"The company will on January 1, 1912, make effective in train and yard service on the grand trunk railway the rates of pay and the rules contained in the schedule or agreement on that date in effect on the lines of the Canadian Pacific Railway east of Fort William."

In the case of the Central Vermont the same settlement applies with the exception that standardization to be applied on January 1, 1912, is to be that of the Rutland railway, a road in the same territory and not that of Canadian Pacific which will only apply to the Grand Trunk system.

President Garrelson, of the conductors, and President Lee of the Trainmen both declare that they are satisfied with the terms of the settlement. Both left tonight for St. Louis.

VIRGINIA MILL FIRE.

Big One Destroyed at Millville Entailing Loss of $300,000.

Norfolk, Va., Aug 2.—E. H. Barnes, of New York, principal owner of Mill No. 2, which was destroyed by fire at Millville, Va., last Saturday entailing a loss of $300,000, returned to the metropolis today after spending two days inspecting the ruins left by the fire.

It is said the company will not rebuild on the site formerly occupied by the mill and that Mill No. 1, owned by them which has a capacity several times greater than the burned structure, will be operated day and night to get out delayed orders.

The company's loss will be heavy, as the insurance carried on the mill is said to be less than one-half of the lossage. Over three hundred men are thrown out of work as a result of the fire.

Washington, Aug. 2.—Funeral services for the late John G. Carlisle, former Secretary of the Treasury, will be held tomorrow at St. Thomas Protestant Episcopal church in this city, Rev. Dr. C. Ernest Smith, officiating. Interment temporarily will be made in the receiving vault here and the body will be taken to Covington, Ky.

OUTLINES.

The strike of trainmen on the Grand Trunk has been called off and the men will return to work in the near future. The agreement was reached through arbitration——Dr. Hawley H. PYTHIANS MEET AT MILWAUKEE

Elaborate Parade of Knights Featured Second Day of Grand Encampment—Thousands in Attendance—Programme.

Milwaukee, Wis., Aug. 2.—Twenty brigades of Knights of Pythias resplendent in the natty uniforms of their rank, today paraded the principal streets, flanked on either side by dense crowds of cheering people that extended for a distance of 55 city blocks. This was the feature of the second day of the Grand Encampment, Uniform Rank.

Major General Arthur J. Stobbart was in supreme command of the thousands of Knights, whose lines reached from the extreme western part of the city well up into the east side whence the marches turned back and disbanded at the auditorium. On account of the seniority of the brigade commander, the Knights from Illinois were given the post of honor, heading the parade, Virginia following. A feature of the parade was the large number of bands which played patriotic music.

The morning programme opened with the public ceremonies of welcome to the supreme representatives of the convention when Mayor Seidel delivered an address in the auditorium. The convention then went into secret session for the purpose of convening the Supreme Lodge.

The Pythian Sisters convened in the Plankinton Hotel with welcoming ceremonies.

Tonight a monster Pythian reception for the Supreme Lodge, Supreme Temple Pythian Sisters and all members was given at Whitefish Bay. Band concerts were given in the principal partks.

Tomorrow will witness competition drills and another big parade made up of subordinate lodges and the Pythian Sisters.

OKLAHOMA PRIMARIES.

Returns Indicate Nomination of Bird S. McGuire for Congress.

Guthrie, Okla., Aug. 2.—Returns received up to 9 o'clock tonight indicate the re-nounination of Bird S. McGuire First District; D. T. Morgan, second, and Creager, third, all Republican stand-patters for Congress. Faris, in the Fifth, and Carter, in the Sixth, Democrats, will be re-nominated. Returns to State headquarters here give J. W. McNeal, Republican, an encouraging lead and indicate his nomination for Governor.

KILN BURNED AT GOLDSBORO.

Destroyed 25,000 Feet of Lumber of the Griffin Company.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 2.—This afternoon fire destroyed one of the large dry kilns of the A. T. Griffin Manufacturing Company, containing 25,000 feet of lumber. It seriously damaged an adjacent kiln and for a while it looked like the entire big plant would be consumed into ashes.

DEADLY ACID KILLS CHILDREN

Suffered Horrible Death Saturated in Carboys of Vitrol—Fire Truck Containing Fluid Was Uuset. Several Rescued.

Philadelphia, Pa., Aug. 2.—Two children are dead, two others are critically injured and seven more are terribly burned as the result of the upsetting of a truck loaded with carboys of vitrol, on which they were riding today The driver of the truck and eight other men who helped to rescue the children from the fiery fluid are suffering from severe burns

The dead are: Raymond Dager, 7 years old. Catherine Daniels, 9 years old.

The fire department supply wagon carrying four 15-gallon carboys of vitriolic acid and on which ten children were riding broke an axle as it was turning out of the way of a street car track to let the trolley pass at 18th street and Ridge Avenue. The breaking of the axle upset the vehicle, spilling out the children and the carboys. The carboys broke and in an instant the ten youngsters were covered with deadly acid. Their screams were frightful as the vitroil burned of their clothes and began eating away their flesh. The driver of the wagon, Richard Grear, passengers from the trolley car, and policemen, promptly went to their rescue and tore their clothes from the the children as best they could. Each one that touched the saturated clothing of the children were burned, some so painfully that they were further unable to help the suffering children. The greatest excitement prevailed and ambulance calls were sent in. In the meantime all sorts of passing vehicles were stopped and the children and their rescuers were placed in them and hurriedly sent to the nearest hospital.

Five of the children on the wagon belonged to Grear. Their ages range from five to thirteen years. The other five children were their playmates and Grear was giving them all a ride in making the rounds of the fire stations. The acid was being taken to a fire station for use in chemical engines.

TO ENLARGE DRY DOCK.

Contract Awarded for Work at Norfolk Navy Yard.

Washington, Aug. 2.—The contract for the enlargement of the dry dock at the Norfolk navy yard was awarded today to William L. Miller, of Boston, for $533,784.

That of the successful bidder was the only proposal that came within the $550,000 appropriation for the work. Mr. Miller has just finished a sea wall at the Norfolk navy yard under contract and has both his plants and organization ready to begin operations on the dry dock without loss of time.

Work is to be completed within 14 months, but the dock will be out of commission only about fur months.

REVENUE CUTTER PERRY LOST

Struck on Dangerous Reef in Bering Sea Resulting in Complete Loss —Capt. D. P. Foley Informs the Department.

Washington, Aug. 2.—The first serious wreck of a revenue cutter since the Gallatin was driven on a rock in Boston harbor during a heavy snow storm 18 years ago, became known today when official advices reported that the Perry, carrying half a hundred officers and men, had run on a dangerous reef in Bering Sea and was a complete loss.

No lives were lost and the men have been distributed among the other craft that guard the sealing herds and perform other duties in those Northern waters.

The Perry is one of the oldest of the 46 vessels of the revenue cutter service and its loss leaves only the Manning and the Tacoma on patrol duty around the Pribilof Islands. The Rush and the Bear, however, are cruising in Bering Sea on other duties than the patrol.

A single dispatch reporting the loss of the cutter which took place July 26th, was very brief and gave few details.

News of the loss of the Perry was telegraphed to the Treasury Department by Captain D. P. Foley, the senior officer of the Bering Sea fleet. In his dispatch received today he reported that the vessel filled with water and that there were no wrecking appliances in the neighborhood.

Captain Foley visited the wreck, ordered her strapped and abandoned and her complement distributed to other vessels. The Perry was commanded by Captain Haake, and carried 50 officers and men.

Dispatches concerning the accident were sent from the revenue cutter Tacoma by way of Nome, Alaska.

The scene of the wreck is an extremely dangerous locality as a reef projects about one and a half miles off shore and around this island whirls a swift current of from two to four miles an hour, so variable in direction that it is impossible to properly calculate it. The Perry was engaged in patrolling the islands to protect the seal herds and prevent raids by Japanese poachers.

Capt. D. P. Foley, commander of the Bering Sea fleet, was promoted to senior captain in the Revenue Cutter Service, while in command of the revenue cutter Seminole, stationed at this port. He has relatives in Wilmington and interest will be manifested here in the loss of the revenue cutter Perry.

CAROLINA VETERANS ACCEPT.

Agree to Meet With Virginia Veterans at Norfolk.

Norfolk, Va., Aug. 2.—The Grand Camp Confederate Veterans, of North Carolina, through Major James W. Hamilton, of Durham, N. C., today acepted an invitation to meet in Norfolk jointly with the Grand Camp Confederate Veterans, of Virginia, contingent upon the latter's acceptance of Norfolk's invitation. The tentative plan is to hold the joint ancampment here September 6th to 19th.

HORNET'S CAPTAIN DISMISSED.

No Violation of Neutrality Laws—Will Proceed.

New Orleans, Aug. 2.—After devoting the greater part of the day to hearing the case of Captain W. O. Moon, master of the converted yacht Hornet, the United States Commissioner at New Orleans decided that the local representatives of the Madriz government of Nicaragua had presented no evidence to show that Captain Moon contemplated violating the neutrality laws of the United States. Captain Moon was released and the case dismissed.

DR. CRIPPEN HAS LONDON FRIENDS

Come to Rescue of Accused Murderer With Means to Defend Him.

DEW DELIVERS THE MESSAGE

London Solicitor Agrees to Undertake His Defense—Scene in Quebec Jail—Many Believe Miss Leneve is Innocent.

Quebec, Aug. 2.—Dr. Hawley Hi Crippen has friends in London who believe he did not slay his wife, Belle Elmore, and they are willing to pay for a lawyer to defend him when he is tried there for murder. He received proof of this tonight when his jailer handed him the following cablegram from a London solicitor:

"Dr. H H. Crippen, care of Inspector Dew, Quebec:

"Your friends desire me to defend you and will pay all neccessary expenses. Will undertake your defense, but you must promise to keep absolute silence and answer no questions and don't resist extradition.

"Reply confirming, as good deal must be done at once.

(Signed) ARTHUR NEWTON,
"Solicitor, London."

This unexpected message brought to the accused dentist in his lonely cell the first gleam of hope since his arrest Sunday on the steamer Montrose with his companion in flight, Ethel Clare Leneve.

And by coincidence, the bearer of these good tidings was Inspector Dew, of Scotland Yard, who on Sunday swiftly crushed the fugitive's hopes of escape.

Whether Crippen has accepted the proffered assistance of these unknown friends or has refused it in the same colorless manner with which he has met all advances, could not be learned tonight.

Thus the question arises whether the offer of today may explain the seemingly unconcerned attitude of Dr. Crippen since his arrest Did he have assurances to this effect before he broke his "gentleman's agreement" with Inspector Dew in London and fled? The identity of the friends who volunteered their funds in his behalf could not be ascertained here tonight and nothing is known about the solicitor who signed the cablegram.

Judging from his behavior since he was arrested Crippen did not need the warning to remain silent. A single monosyllabalic negative to his pailer's inquiry whether he wished to give out any public statement was the only message that come from him today for the outside world. Reading in his cell or silently pacing the corridors, where he is allowed to exercise for part of the day, Crippen shows a desire for little except to be let alone. Today he wanted something to read and when asked his choice he said for one thing he would like a bible. He received the book with other literature.

The attitude of Miss Leneve is unlike the man's. The jail matron and the women of the household of Chief McCarthy, where she spent part of the day yesterday, says she is not averse to conversation, but she declines to say anything regarding the crime with which she is charged jointly with Crippen, or of their wanderings together through Europe. Many of those who have come into contact with the girl do not hesitate to say they believe she knew nothing of the horrible end of Belle Elmore when she fled with Dr. Crippen.

As the case now stands the only evidence in the hands of the police that may be constructed as hostile to Crippen is the discovery of the diamond rings and the brooch the police took from him on the steamer. These, they say, belonged to his wife.

Woman Make Depositions.

London, Aug. 2.—Fifteen persons, for the most part women, who will be called as witnesses at the trial of Dr. Crippen, appeared before the Bow street magistrate at a private hearing today for the purpose of making depositions, to facilitate the proceedings in Canada. Paul Martinetti, and his wife who dined with the Crippens at their invitation on the evening of January 31, the night on which Mrs. Crippen is said to have disappeared, were among those who gave testimony today. The documents which were prepared and the other papers connected with the extradition of the couple from Quebec will be carried by Sergeant Mitchell, who will sail on the steamer Lake Manitoba on Thursday.

Scotland Yard officials said today that the warrants of arrest charge both Dr. Crippen and Ethel Leneve with murder. They must therefore be charged together and will return to London on the same steamer.

WATER SPOUT APPEARS.

Hundreds of Women and Children Frightened at Sullivan's Island.

Charleston, S. C., Aug. 2.—A big water spout, developing into a sandspout upon striking the beach, swept down Sullivan's Island late yesterday afternoon, frightening hundreds of women and children, but no greater damage than to wreck settes and rain sand upon cottages. Before its collapse it covered a distance of about a mile on the beach.

PRIMARY ELECTION IN THREE STATES

Close Fight in Missouri and Kansas With Results Uncertain.

M'NEAL WINS IN OKLAHOMA

The Second Primary Was Held in Missouri—Stubbs and Wagstaff in Kansas—Outcome Awaited With Interest.

St. Louis, Mo., Aug. 2.—Results of the second primary election in Missouri, which was held today, were in doubt tonight where more than one candidate sought the party nomination.

The greatest interest centered in the local contests between leaders who sought to control their parties through committeemen.

The vote throughout the State was light and many voters scratched their tickets freely. Six of the ten Democratic Congressmen were nominated without opposition and two of them have no opposition for election.

Republicans in the 5th and 14th districts had "Cannonism" before them as an issue.

In the 14th, Congressman Charles A. Crow appealed to his partisans as a follower of the Speaker of the House of Representatives. His opponent, David W. Hill, sought votes as an "insurgent."

The result from the 14th district may not be known for several days.

Candidates for State offices and Congress were nominated without opposition at the primary election today as follows:

Judges of Supreme Court—James B. Gantt, Democrat; John C. Brown, Republican.

State Superintendent of Schools—Howard A. Gass, Democrat; William P. Evans, Republican.

Congressional nominations: First District, James T. Lloyd, Democrat, incumbent; Walter A. Higbee, Republican. Third District, Joseph W. Alexander, Democrat, incumbent; S. P. Davisson, Republican; Sixth District, Clement C. Dickinson, Democrat, incumbent; Francis H. Devol, Republican. Eighth District, Dorsey W. Shackleford, Democrat, incumbent. Ninth District, Champ Clark, Democrat, incumbent; Reuben F. Roy, Republican. Tenth District, Charles J. Maurer, Democrat; Richard Bartholdt, Republican, incumbent. 11th District, Theron E. Catlin, Republican. 12th District, L. C. Dyer, Republican. 13th District, Politte Elvins, Republican, incumbent. 16th District, Arthur P. Murphy, Republican, incumbent.

Railroad and Warehouse Commissioner—Frank A. Wightman, Republican; George W. Campbell, Prohibitionist: U. S. Barnsley, Socialist.

The Republicans did not nominate candidates in the Fourth and Eighth districts. The prohibitionists and Socialists nominated full State tickets. The prohibitionists are without nominees in seven Congressional districts, and the Socialists in four districts.

Primary in Kansas.

Topeka, Kas., Aug. 2.—Returns on today's primary election came in slowly tonight. Meagre returns from Progressive indicate that the race between W. R. Stubbs and Thomas Wagstaff, for Governor, will be close. In Topeka, first district, insurgent is running ahead of the stand-patter.

Early reports, though meagre, indicate the defeat of J. M. Miller, standpat, in the Fourth Congressional district, by Fred Jackson, (insurgent). Insufficient returns have been received from other districts to give any indication of how the vote is going.

Neither Representative Madinson, of the Seventh district, or Congressman Victor Murdock, of the Eighth district, had any opposition for nomination.

The contest in the Second district which is now represented by Congressman Scott, was exceedingly spirited and partial returns from the district favored Mitchell, insurgent.

Great interest was manifested throughout the State in the result of the primary, which was the first real test between insurgent Congressmen and stand-patters. The regulars were attacked all along the line on the tariff, the rubber schedule of that law and on the actions of Senator Aldrich and Speaker Cannon.

McNeal in Oklahoma.

Guthrie, Okla., Aug. 2.—With only scattering returns received from about 55 out of the 76 counties of the State, indications tonight were favorable to the nomination of J. W. McNeal, Republican, of Guthrie, for Governor over Tom Ferguson, Fields and Jones. McNeal places his majority at 15,000.

Returns of the Democratic vote are light and indicate a close race between W. H. Murray, of Tishomingo, and Lee Cruce, of Ardmore, for Governor, with the chances rather favoring the latter. The vote of Leslie P. Ross, of Lowton, appears to be light in most of the counties heard from.

In the Congressional race there seems to be little doubt of the nomination of B. S. McGuire in the First district, Dick Morgan, in the Second; C. E. Creager in the third, regular Republicans, and Charles Carter, in the Fourth, and Scott Ferris, in the Fifth, Democrats.

The "Grandfather Clause", the proposed constitutional amendment denying the right of suffrage to negroes, seems to have carried by 10,000 to 15,000 votes.

Wilson, N. C., Aug. 2.—Lane won his game in the ninth today from the Sailors. He held the visitors down to no hits until the seventh when on three hits and a sacrifice, Tydeman and Orth crossed the home plate tieing the score of two runs made in the third and sixth by the Champions. In Wilson's ninth a wild throw, a hit and an error was the cause of the smile on "Pap" Westlake's face. Features, Tydeman's phenomenal catch and Dick Miller's star pegging.

ANOTHER SAILOR RECRUIT.

Hoffman, Heavy Hitting Outfielder, Secured From Lynchburg.

The new management of the Wilmington baseball team is sparing neither time nor expense in strengthening the Sailor crew in every possible way and breaking the losing streak into which they have unfortunately dropped during the past week. Hoffman, a heavy hitting outfielder, was secured yesterday from Lynchburg, Va., and is expected to report in Wilson for the game this afternoon. Hoffman was with Raleigh last season and was easily one of the best stick artists in the league. He should prove a valuable addition to the Sailor outfit, and the management is to be congratulated upon securing him.

AMERICAN LEAGUE.

Detroit, Aug. 2.—Boston took the second game of the series from Detroit today by a score of 4 to 3. The home team rallied in the ninth and scored two runs but Kerger who relieved Wood with one out, checked the Champions. Collins lost his effectiveness in the seventh and retired in favor of Wood.

RALEIGH WINS AT DURHAM

Score 8 to 2 Against Mayer—Fierce Fielding and Heavy Batting—Home Runs by Clemons—Hawkins Played Star Game.

(Special Star Telegram.)

Durham, N. C., Aug. 2.—Raleigh won a game full of fierce fielding and heavy batting today, Lathrop pitching against Fayetteville's crack, Mayer, and surpassing him in all essentials except strike-outs, of which the speedy Cumberlander led with eight.

Clemmons for Raleigh played as sensational left as anybody ever saw. He covered the face of the earth, and hit 800, making two singles, a double and a home run. His clout in the sixth spiked the game and branded it. Two were on bases and he drove the ball to center fence for an easy home run. It looked like Fayetteville at first. In the second with two down, a base on balls with a single error by Clemmons, made Landgraff's nice single a homer. Hawkins came next in fielding, throwing Mayer at the plate from center and holding another on the bag when Lathrop was in the ditch. Hobbs and Bigbie made triples in succession and scored the first Raleigh run in the third. Peartree for Fayetteville made a three-bagger in the seventh with none out but failed to score.

CORBETT'S MAN KNOWN.

Wants Miles McLeod to Win Championship From Johnson.

Bakers Field, Cal., Aug. 2.—The identity of James J. Corbett's unknown, whom the former champion expects to win the championship from Jack Johnson for the white race, was revealed today in a message from Albany, Mo. Miles McLeod, a young giant 27 years, and 250 pounds, is Corbett's protege.

The message which is declared to be from a strictly reliable source, was to a local newspaper man. It stated that McLeod has signed a contract with Corbett to enter the ring and that he is now secretly receiving boxing instructions from the former champion.

McLeod comes from a family of giants, having two brothers his equal in size. He is a college man and an athlete.

GOLDSBORO HIT BALL HARD

Score Nine to Three With Rocky Mount Yesterday—Brown's Fast Work—Handiboe Drove in Four Runs.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 2.—Goldsboro hit the ball hard and timely, while the hits made by the Railroaders off Merchant were scattered and for the most part, of the scratch variety. Handiboe drove in four runs while Brown and Fulton also handled the stick well.

For the visitors Stein made several beautiful long running catches and Gillespie played an all-round good game. Morgan made a phenomenal catch of what appeared as a safe hit. The fast work that Brown is now putting up on second marks him as one of the swift men in the league.

DAMAGING RUMORS ABROAD

Exaggerated Reports of Typhoid Fever Epidemic Here Refuted by Wilmington Authorities—Wrightsville Beach Involved.

As the result of very much exaggerated reports and reckless statements made by unauthorized persons on the streets here and by people elsewhere, who would quote these rumors to advantage of their own particular towns or sections, it developed yesterday from numerous letters and telegrams received by transportation interests, the hotels here and at the beach, and at least by one Alderman, that it is being currently reported that there is an epidemic of typhoid fever in Wilmington; in fact, so persistent, it seems, have become the rumors that people are fearful of coming to the city and to the beaches.

These inquiries have come from as far south as Augusta and from a number of inquirers in the Carolinas. The statement was frequently made on the streets by one and another, without the slightest inquiry or knowledge of the facts, that there were from 200 to 300 cases of fever in the city and these reports, exaggerated as they passed from one to another, soon had it that there were from 500 to 1,000 cases here. The recent official statement by Dr. Akerman, after a thorough canvass of the situation, that there have been only about 60 cases the past three months, did much to allay the apprehension in Wilmington but the rumors continued to fly and they are now, it appears, bearing fruit that is likely to be quite distasteful. When it is considered that Wilmington is a city of from 30,000 to 35,000 inhabitants, this is not considered a high average.

It may be stated officially and with authority that there has not been a single case of fever at Wrightsville Beach and the situation in Wilmington as to typhoid fever is exactly as stated above. The matter was precipitated yesterday upon receipt of the following telegram from Mr. F. A. Fetter, commercial agent of the Seaboard Air Line in this city:

"Chattanooga Tenn., Aug. 1, 1910.
"F. A. Fetter, S. A. L., Com. Agent, Wilmington, N. C.

"Reported here typhoid fever prevalent Wilmington and Wrightsville. Advise.

"W. H. H. FERRELL."

In reply Mr. Fetter sent the following telegram:

"Wilmington, N. C., Aug. 2, 1910.
"Mr. W. H. H. Ferrell, Chattanooga, Tenn.

"No fever at Wrightsville. Very small percentage in Wilmington. Have had only 60 cases last four months and large per cent. of which came to Wilmington for treatment. Today's paper mailed.

"F. A. FETTER."

Mayor MacRae was shown a copy of the telegram from Chattanooga and commenting on the matter said: "The reports have grown out of the efforts to put the city in a much better sanitary condition than it was before. The purpose of the campaign was to improve the conditions as it would hardly be possible to make the city too healthy. The true status of the health conditions here have doubtless been exaggerated. There have ben no cases of fever on Wrightsville Beach, so far as I have been able to learn."

Letters of inquiry, similar to the telegram, reproduced above, have been received at the halth dpartment, by the beach hotels and various persons in Wilmington, including at least one received at the health department, by While it is feared that the city and beach have already been damaged to some extent it is hoped that those who have been misinformed may have that there is an epidemic of fever here and that they will feel that they can come to Wilmington and the resorts with as much safety as ever before.

In all the published reports as to the city's campaign for cleanliness, it has never been cleaned that there is or has been an epidemic of fever here and it is hoped that th telegrams and letters now being sent out will set at rest these widly exaggerated reports no doubt hatched up for the very purpose which they are serving—detracting attention from Wrightsville Beach, the South's premier Summer resort in favor of some less fortunate rival.

NATIONAL LEAGUE.

Brooklyn, Aug. 2.—Brooklyn beat St. Louis twice today by scores of 3 to 1 and 5 to 4. Bell and Lush had a pitcher's duel in the first game, the former doing the better work. Burches single in this game with two men on bases, brought across the winning runs in the fifth inning.

St. Louis started the second game with four runs on three hits, two passes, a sacrifice hit and two errors. But they were unable to do anything with Barger after that and Brooklyn played a great up-hill battle and finally won out.

Philadelphia, August 2.—Philadelphia easily defeated Pittsburg today by 6 to 1. The home team bunched hits with battery and fielding errors by Pittsburg, while Moore was so effective that the visitors did not get a man past second base after the second inning.

Pittsburg ..... 010 000 000—1 6 2
Philadelphia ..... 300 003 00*—6 7 1

White, Mercer and Gibson; Moore and Dooin. Time 1.27. Umpires O'Day and Brennan.

Boston, Aug. 2.—Cincinnati won from Boston today 6 to 1. Every visiting player except McMillan made a safe hit. The locals fielded slowly and Cincinnati took advantage of this.

Cincinnati ..... 011 013 000—6 8 0
Boston ..... 000 010 000—1 6 2

Rowan and McLean; Brown, Ferguson and Smith. Time 1:45. Umpires iRgler and Emslie.

New York, Aug. 2.—Chicago took the first game of an important series from New York today by a score of 5 to 4, the Giants by hitting Overall freely in the first inning, furnished Mathewson with a four run lead, but this advantage New York's star boxman could not hold, Schulte made a homer in the second and in the third four hits netted Chicago three more tallies. In the fifth Evers singled and was sacrificed to second by Sheckard. Hofman's single to right enabled Evers to score the winning run.

SOUTHPORT HAS HUMAN FREAK.

Negro Born With Double Usual Number of Legs, Feet, Arms and Hands.

Henry Galloway, a well to do colored man of Southport, was in the city yesterday and had with him a human freak, which, though preserved in alcohol, is a great curiosity. The curious specimen is a child which was born at Southport May 29th, 1910, and died a few minutes after its birth. The child had four legs, four feet, four arms and four hands. From the abdomen up the body was apparently normal, but there are four ears, leading to the presumption that there was practically two persons in one.

Galloway and his wife are normal and they have other children who are in no manner deformed. Their freak child is said to be fully developed, and they have been offered $2,000 for it for exhibition purposes Galloway declined the offer and is going to exhibit the specimen himself. It is now at the home of Sam Hines, on Eighth and Dawson streets.

SIXTH DISTRICT AFFAIRS

State Chairman Will Take His Time Appointing Committee—Aftermath of Monday Night's Meeting—Notes.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 2.—Democratic State Chairman A. H. Eller, re-elected by acclamation by the State Committee last night, says that within the next day or two he will announce the committee of five Democratc to investigate the grave situation in the Sixth District where O. L. Clark and H. L. Godwin, (present Congressman), are both claiming the nomination for Congress.

He says he will consult friends of neither of the contestants and will aim only at getting eminent men of proven sound judgment. This committee is to report back to a full meeting of the State committee its finding as to whether there has been a nomination and if so which it is; and if not, recommend a course. Many expect a general district primary will be ordered. Cumberland county contends that there has been no nomination, this statement being made in the committee meeting last night by Major E. J. Hale, representing Cumberland. This condition is the outgrowth of the sensational convention, or conventions, held at Wrightsville Beach recently in which police from Wilmington were brought from Wilmington to quiet the convention in which O. L. Clark is claimed to have been nominated and which was followed next morning by a convention in which Mr. Godwin was nominated, the latter claiming to be the regular orderly convention of the district.

W. E. Brock, of Wadesboro, who was last night elected as secretary to the State Democratic Executive Committee, has gone to his home to adjust his affairs so that he may come to Raleigh for the campaign period. In the meantime Col. A. J. Field, the retiring secretary, will discharge the duties of the secretaryship and then initiate the new secretary in the work when he returns.

There seems to be some difference of opinion as to whether this State is at this time in need of a general legalized primary for both parties and on the same day. This matter was brought sharply to the attention of the Democrats last night in the executive committee meeting by the resolution of Secretary Field that the General Assembly be asked to enact such a law. Action was deferred until the next meeting, but in the meantime it is coming in for lively discussion. It is believed that the majority of the committee favors such a law if it applies to both parties. However, there is increasing opposition to present Democratic primaries as being the worst sort of party disorganizer.

BOSS CHICKEN THIEF.

Raided Many Roosts Near Rocky Mount—Wholesale Business Done.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 2.—The champion chicken thieving for this section in many years has just been unearthed and on yesterday the champion, an elderly negro, John Cromwell, was bound over to Nash criminal court under a bond of $100. The negro was tried in Squire C. H. Harris' court and he pleaded guilty of the charge. For several months the chicken yards of residents and tenants about five miles from the city have been heavy losers by some night marauder, the territory suffering being about five miles square.

On Friday night possibly a hundred fowls were again stolen from tenants on the farm of Mr. Jeffries and Mr. Ricks and early Saturday morning the matter was reported whereupon these prominent planters began a search for the guilty party and the police in this city were notified. A wagon and horse were used to haul the stolen chickens away and there were tracks that indicated that the same chicken house that had been visited by one had been visited by all. The police of the city were telephoned that the wagon had been headed this way when last seen and that to be on the lookout for the negro. He was taken in charge at North Rocky Mount at an early morning hour after he had disposed of a majority of the fowls stolen.

When placed in the lockup the negro confessed to the officer and he recited that this was not his first haul and that he made a regular job of disposing of chickens, while it was learned from other parties in the city that he was supposed to be a large poultry dealer. It was estimated that the old negro has stolen and sold not less than a thousand chickens last Winter and this Spring. There were several wagon loads of colored and white tenants who were on hand to prosecute him.

COMMISSION TO FRANCE.

Virginians Will Present Statue of Washington at Paris.

New York, Aug. 2.—The commission appointed at the last session of the General Assembly of Virginia to present to the Republic of France a bronze copy of Houdon's statue of George Washington will sail tomorrow on the Caronia. The commission consists of Col. James Mann, chairman; State Senator Dan P. Halsey and State Senator F. W. King.

Houdon came to America in 1786, spent two weeks as Washington's guest at Mount Vernon and made a mould of his face. He returned to France and the statue was made in Paris of marble. It was brought to America and has since reposed in the Capitol at Richmond.

About two years ago the State of Virginia had a bronze copy made for the Hall of Fame at Washington. It was so satisfactory that the General Assembly decided to present a second copy to France. There it will be placed in the palace at Versailles where, in 1783 the treaty of peace between Great Britain and the United States was signed.

FARMERS' EDUCATIONAL DAY.

Arangements for Big Gathering at Washington, N. C. Today.

(Special Star Correspondence.)

Washington, N. C., Aug. 2.—Wednesday, August 3rd, will be celebrated in this city as Farmers' Day and this day will prove a gala day for the farmers of Beaufort county. The chief feature will be a farmers' educational meeting held under the auspices of the United States Department of Agriculture. Congressman John H. Small has been largely instrumental in securing these Farmers' educational meetings, and on Wednesday several agricultural experts from the Department will be present and address the farmers on the subjects of soil, fertilizers, cotton, corn and tobacco and the best methods to adopt for their culture.

Washington's mammoth new tobacco warehouse has been fully completed and all arrangements have been made to open the warehouse for the season on Monday, August 22nd. The citizens of Washington are planning to give the farmers and tobacco growers of Beaufort and adjoining counties a good old fashioned barbecue on the warehouse grounds on Thursday, August 11th preparatory to the opening week.

PLAN TO KILL GOMEZ.

Lives of Prominent Venezuelans in Peril—Some Arrests.

Willemstad, Curacao, Aug. 2.—Rumors are in circulation in Venezuela that the government has discovered that there was a plan to kill Vicent Gomez, the president of the Republic, and the governor of Caracas, on July 26th, and arrests and flights from Venezuela of prominent Venezuelans give some credibility to the rumors.

President Gomez, who was then on a tour to Valencia, capital of the State of Carabolo, returned suddenly to Caracas and imprisoned Gen. Zailo Vidal, "El Caribe," president of the State of Bermudez, one of the old enemies of ex-President Castro, and for a long time an exile in New York. The government, according to the reports from Venezuela, is trying to hush up the occurrence.

Gen. Tello Mondoza, who was minister of finance of President Castro's cabinet, and afterwards Governor of Caracas, has continued his flight to New York, sailing from here July 31st, aboard the steamship Caracas. He made his escape from Venezuela in a sailing sloop. No explanation of his flight was given.

Another reluctant arrival from Venezuela is Benjamin Ruiz, the well known Colombian general, who besieged Port Cabello, defended by Gen. Antonio Parades in 1900. Gen. Ruiz was expelled from Venezuela arriving at Willemstad July 31st.

TEDDY IN PENNSYLVANIA.

Real Object of Visit Not Known—His Presence Causes Stir.

Delaware Water Gap, Pa., Aug. 2.—Col. Roosevelt, accompanied by his friend, Lawrence Abbott, arrived at the Water Gap House last night and spent the night and part of today there. The coming of Col. Roosevelt created quite a stir and the natives and the hundreds of Summer boarders, who learned of the presence of the distinguished guest, lost no time in attempting to get a look at him. Col. Roosevelt and Mr. Abbott left New York yesterday noon and the fact that they were come to the Gap was kept as secret as possible, but the secret leaked out.

The evening was pleasantly spent and Col. Roosevelt was up early this morning apparently enjoying the beautiful scenery of the Gap. He was requested to pose for photographs which he did.

Col. Roosevelt took a spin around the country in an automobile and a little later left on a trip to the interior of the State.

While the real object of his visit is not known, it is said he will write a story of the coal region and that the trip has been planned for the past six months.

UNVEILING AT PETERSBURG.

Monument to Confederate Dead—Sen. Swanson Orator.

Petersburg, Va., Aug. 2.—Twelve girls gowned in white, representing each of the Southern States, attended Miss Eloise Bohannon, of Surray, as she drew the cord which unveiled the manument to Confederate dead at Surray Court House today.

Senator Claude A. Swanson, of Virginia, who yesterday was appointed to succeed the late Senator Daniel, was the orator of the day. Gov. Mann, of Virginia, also spoke. Seventy-five members of A. P. Hill Camp, U. C. V. of Petersburg, with their drum corps attended the ceremonies.

The monument is of fine gray Virginia granite. The shaft is 21 feet tall resting on a base eight and one half feet square and supporting the bronze figure of a Confederate cavalry man at Parade Rest.

An incident of the day was the presentation of ex-Governor Swanson, his commission as United States Senator from Virginia.

THREE BOYS FOUND DEAD.

Crushed to Death Under an Embankment in New York.

New York, Aug. 2.—Three little boys who had been searched for high and low since they were missed from their homes on Madison street in Brooklyn yesterday afternoon, were found dead today in a nearby vacant lot where a sand embankment had fallen upon them while they were at play. The presence of the bodies in the sand pile was discovered by a dog playing with his boy master in the lot. The lad gave the alarm and policemen and firemen dug the crushed forms from the sand.

It is supposed the boys had been attempting to tunnel the sand and it caved in upon them. The dead children were Alfred Sohn, aged 9, his brother John, six years old, and Harold Verhas, aged 9.

TWO KILLED ON PENNSY.

Two Brakemen Lost Their Lives in Freight Collision.

New Castle, Pa., Aug. 2.—Two brakemen were killed, an engineer and fireman seriously injured and several other trainmen sustained minor hurts in a head-on collision on the Western New York and Pennsylvania division of the Pennsylvania Railroad Company, one-half mile south of Volant today.

REFUSE TO RETIRE PRINCE.

A Second Shake-up in Staff of Marine Corps.

Washington, Aug. 2.—Another chapter in the shake-up of the headquarters staff of the Marine Corps took place today when Acting Secretary Winthrop, of the Navy Department, refused to grant the request of Lieut. Col. Thomas C. Prince for the appointment of a board to examine him for retirement. Instead, Prince will leave Washington tomorrow for a tour of duty in the Philippines, an assignment he claimed, would prove detrimental to his health. It is believed President Taft will approve the action of the Department.

Prince was an assistant quartermaster at headquarters. He was recently reprimanded along with others, as the result of findings of a Court of Inquiry that insubordination existed at marine headquarters.

Life on Panama Canal

has had one frightful drawback-malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver, and kidney troubles, and prevent typhoid. 50c. Guaranteed by Robt. R. Bellamy.

Instant Relief for Sore Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Policemen all over the world use T I Z. Policemen stand on their feet all day and know what sore, tender, sweaty, swollen feet really mean. They use T I Z because T I Z cures their feet right up. It keeps feet in **perfect condition.** Read what this policeman has to say: **"I was surprised and delighted with T I Z for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for T I Z. I am a policeman and keep on my feet all day."—Emzy Harrell, Austin, Texas.**

You never tried anything like T I Z before for your feet. It is different from anything ever before sold.

T I Z is not a powder. Powders and other foot remedies clog up the pores. T I Z draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. T I Z cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

T I Z is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

MORNING STAR

Published by the
WILMINGTON STAR COMPANY (Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday, August 3, 1910.

A "trusty employe" decamped with all the funds of a Louisville Trust. How does he strike you as a trust buster with teeth?

Two young men in New York threw dice to decide which would marry a certain girl. Of course, it all depends upon the future as to whether the winner will live to see the day that he will curse his luck.

Mrs. Russell Sage is enthusiastic over aviation and believes that "women ought to learn to fly." Probably she has forgotten that women already know how to fly up at you in a minute if you make a close guess at their age.

In approving Gov. Mann's appointment of the Hon. Claude A. Swanson to the United States Senate, the Richmond News Leader remarks. "It has heretofore been generally understood that the Governor's chair ended a political career." P'raps it was because previous Governors always fell down on the Governor's chair.

The Boston paper which refers to the "Virginia peanut" as the "goober" must have been running with Georgians and didn't know the rules. The real name of the fine nut referred to is "arachis hypogaea," which is produced to perfection in North Carolina, shipped largely to Norfolk and there surreptitiously labeled the "Virginia peanut."

The old line Republican regulars in North Carolina harbor insurgent sentiments towards a party leadership that will respond to the "gee" and the "haw" of the Hon. Marion Butler, of Elliott and Washington. We insurge at the very idea of any kind of Republican organization in North Carolina. Good men in it ought to quit it and come on home.

The dissatisfied, discontented, disgruntled and rebellious men of all parties in Pennsylvania have held a convention with a view to ailying themselves together in a new political movement. No doubt they narrowly averted a deadlock in vieing with each other to tell their troubles. Their platform doubtless is composed entirely of exceedingly rough planks.

A Virginia lady, overhearing a conversation between her husband and a friend, heard him say: "I love the luscious Elberta." She rushed up to him and demanded to know where his Miss Elberta lived and before he could explain she had threatened to sue him for divorce. Now, down in North Carolina every married lady would have known that Elberta is only a peach.

North Carolina papers are for progress. They are quick to espouse every proposition that means upbuilding and uplifting. It is gratifying to note the unanimity with which the papers have endorsed the recent proposition of the Hon. J. Y. Joyner, State Superintendent of Public Instruction, for the General Assembly to make an appropriation of $50,000 for the purpose of inaugurating a movement to establish one or more agricultural schools in every county in the State. Let us go forward.

Because the State Democratic convention in Nebraska refused to stand by Col. William J. Bryan on a mere moral issue, many newspapers exultantly refer to it as "Bryan's defeat." Some people never acknowledge defeat. As far as Col. Bryan is concerned, when things go against him he only feels "a little put out." He only feels "put out" to the extent that he picks his flint and goes back to the firing line ready to "fight it out along that line if it takes all Summer." The Colonel will fight if he has to fight alone.

PENSION FOR FORMER SLAVES.

The appeal which went out over the wires on Sunday from Confederate headquarters at New Orleans, inaugurating a movement for a monument to former slaves, is expressive of a sentiment and gratitude that is worthy of the South. Gen. Gordon, commander-in-chief of the United Confederate Veterans, sent out that appeal in the form of a "general order," and it should meet with a generous and hearty response. There could be no more worthy tribute on the part of Southern people to a race which occupied to them a relation that only the South fully understands.

The obedient, docile and faithful slaves earned the recognition which is proposed by the Confederate Veterans. While a war was being fought for their emancipation they were happy in their daily work on the plantations, industriously and loyally raising the cotton and food supplies which clothed and fed the Confederates in the fields and kept their wives and children from want. In fact, most of the time till the invading hosts plunged deeper and deeper into the South this was a land of plenty ,and only during the last days of the Confederacy was there desolation and want in the wake of the armies. For four years, however, it was due to the industry and the toil of the slaves that women and children were fed and clothed—aye, more—protected and respected with a loyalty and generality that would be wohthy of any race upon the globe.

Even as the liberating Federal armies were passing through the country, the slaves aided in driving the stock and cattle to the swamps and the out-of-way forests where they could be hidden securely from seizure by a foe that never neglected its opportunity. The black men and the black women helped to hide and bury the silverware and the meat and food supplies till the looting and hungry horde of soldiers, camp followers and "bummers" had come and gone, even at the best leaving distress and woe and want in their wake.

It is to the slaves who were faithful and loyal under such circumstances—when treachery and revenge were absent without parallel on earth—that grateful Confederates and their descendants propose to erect a monument. Yea, it might not be inappropriate if our Southern Legislatures would pension them in a modest way and not prejudicial to the interests of the Confederate soldiers. It will be the just deserts of a race, the few of whom survive but whose descendants are here to note the example of the white man who can give a splendid illustration of the noble trait of gratitude and furnish a substantial token of a kindly and sympathetic feeling for a race whose lot was cast here, not by their seeking but mayhaps by a Providence "whose ways are past finding out."

The Star commends the Confederate Veterans for the humane and grateful spirit which prompts the movement to honor worthy slaves, and it is all the more a generous impulse and unselfish motive that inspires them, for the men who wore the gray are old and fast going to the grave with the meagre pensions that the States allow them. There should be a ready response to the appeal of the Veterans for recognition of the old and helpless black men and black women who were true and tried in the most tragic period of the South's history.

SENATOR SWANSON.

The Richmond Virginian remarks that "in appointing, as the successor of Senator Daniel, Ex-Governor Claude A. Swanson, Governor Mann meets the well defined sentiment of the State at large." We have wondered for many years whether some day or other Mr. Swanson would not be sent to the United States Senate by the Commonwealth of Virginia.

We watched Mr. Swanson's course when he was in Congress and we believed that he was a man who would grow. We followed him in his fight for the Virginia Governorship and we approved the choice of the Virginians in honoring him. He made a dignified and able Governor, and again to him the Virginians have turned as a worthy successor of the brilliant Daniel who was an honor to his State and the South. In placing the Senatorial toga upon the shoulders of Mr. Swanson it struck us that Governor Mann had selected wisely. If he has made his choice in response to "the well defined sentiment of the State at large," it is all the better.

We believe in finding out what the people want and then comply with their wishes and sentiments. We admire Senator Swanson and we are glad that Governor Mann's appointment fell to a man who was the choice of the most Virginians. The South will be honored when men of the Swanson type represent her at the National Capital.

The Ohio Republicans arranged such a sweet platform that the insurgents crawled right in on it and got stuck like flies on flypaper. Just as we expected, the average insurgent talks loud but never fails to be on hand when the redistribution of the gold bricks takes place.

THE COMMISSION FORM.

The Star is gratified to note the ever increasing wide popularity of the commission plan of government for the city of Wilmington. The idea has come to stay. It is the application of business and business management to the business of municipal affairs and it should continue to grow in popular esteem until it is a certainty. The city of Asheville, N. C. has endorsed the proposition and will doubtless join Wilmington at the next session of the General Assembly in asking for this municipal reform. The city of Columbia, S. C., has had the plan by adoption at the polls for several months and is delighted with the experience.

The Star recently printed in its Sunday edition, with editorial endorsement, from week to week, a series of articles from the Baltimore News by Dr. Horace E. Flack, of the Bureau of Municipal Research, giving scientific argument why such a government is best suited to the smaller municipality and showing the trend toward the simplified form of government, North, East, South and West.

It is to be hoped that City Attorney McClammy and the committee from the Board of Aldermen will give thoughtful, earnest consideration to the trust committed to them and will evolve from the mass of information at hand the very best that is to be had in modern, progressive government for the city of Wilmington.

It is up to the Illinois insurgents to fire Cannon in this campaign.

Some people are so fond of controversy that they want to "argy" when there is no proposition before the house.

A contemporary advocates that cities should be managed by a commission composed of ladies. Under a government like that, married men might as well prepare for a curfew law that will run them all in by 9 o'clock.

Hetty Green's son who lives in Texas appears to like Texas. No wonder. He says his mother has about twelve million dollars worth of property in Texas, and anybody would enjoy himself lying around waiting for wealth like that.

Probably for romance, tragedy and dramatic climaxes, Dr. Crippen and Ethel Leneve have furnished the writers of novels an altogether modern and up-to-date plot, even involving the wonders and utilities of the wireless telegraph.

If a hog could take a hand in politics and a potato patch were the issue, he would vote for the policy that would put a fence around the patch and make him one of the favored rooters on the inside. It is hard to distinguish between the politics of some men and the politics of all hogs.

CURRENT COMMENT.

Senator Aldrich wants to know "who are the people?" He has lived so long under the wings of protected interests that he can't see the people for the trusts.—Memphis Commercial Appeal.

The Democrats have a nice kettle of fish in the Sixth Congressional District—two Democratic candidates for Congress, each claiming to be regular. Whatever the final results, if it will break up the nonsensical habit, long since abandoned in other districts, of turning down a Representative when he has served two terms, regardless of his worth or capacity, simply to give some hungry fellow his place, something worth while will have been accomplished. The Sixth District is composed of as fine folks as there are in the State, but a car load or so of politicians can be spared from the district without material loss—provided, of course, they don't dump 'em on some other part of the State.—Statesville Landmark.

Mr. W. A. Erwin, one of the biggest cotton mill men in the State, delivers himself plainly on industrial conditions. Said he in an interview the other day: "They talk about Cleveland panics, free soup and other things, I want somebody to name this one. I am waiting for it. I do not see how it could possibly be worse and I see no prospect of an early change." We set the word of this practical and successful business man up against the jumble of figures in Mr. Cowles' "Truth About the Tariff." Mr. Erwin knows that his mills are making no money and that his operatives are working, when at all, on reduced time, facts that he cannot reconcile with the Republican boast that everything is lovely and the goose hangs high.—Salisbury Post.

"So, between men of honor, we say to the people: weigh their claims, fairly and calmly, decide who shall be your leaders, and your verdict shall be our choice; but don't try to force upon us any man who is notoriously branded as a traitor. There we balk." Postmaster Reynolds, of Winston, writing under the non de plume of "Justice," in the Union Republican, undertakes to make us appear as a hand-organ on account of our attitude in a matter wherein Marion Butler is concerned. The foregoing paragraph is our answer to him. The Caucasion, Butler's paper down at Raleigh, takes a two and a half column shot at us, liberally interspersed with mud-slinging and falsehoods, and a lecture on newspaper ethics, while at the same time its news columns carried stuff stolen from this paper without credit! The Caucasian's grievance is based solely on the knowledge that we do not recognize Marion Butler as the entire Republican party. Having real work to do, work that means growth for the party and the consciousness in the end of having fought a good fight, we refuse to engage in a match of throwing stink-pots with the Caucasian.—Greensboro News (Rep.)

Our Bi-Centennial Celebration has now passed into history, like the notable event which it commemorated. And we feel sure that there is not a single citizen of this city but what feels a deep gratitude to every one who contributed to make the celebration so grand a success. Especially to those citizens of our State who came here from other cities and contributed so liberally in the way of substantial aid in helping to present so grand a picture of the Colonial period too much praise cannot be given for so gallant an act of patriotism. The celebration was a great success in many ways, it proved that Newbern people were fully equal to the occasion and that the people from all over our State and country who added to the success of the enterprise by their presence and praise, were well paid for their visit here and will no doubt wish to visit us again. The great amount of press notices and editorial comment appearing in some of the largest daily papers of the country has an advertising value which can not be undervalued as a great contributing factor for our prosperity and a boost for a greater Newbern in the near future.—Newbern Sun.

There are, in fact, only two classes of men who can not profitably grow hogs. The first class is composed of those who will not make provision for the feeding and care of the animals; who expect them to pick up a living through the Summer and then be fattened on corn in the Fall and Winter, or who keep them shut up in a filthy little pen the year round, feeding them on unwholesome slops and high-priced corn that has been shipped from the West. The other class is made up of those men who can not understand that any farm animal, even the pig, is entitled to good treatment and some consideration of his wants—men who do not realize that if the hog is to produce pork cheaply he must be made comfortable, and that when it is a question of getting a profit out of the pig, the pig's wishes, rather than those of his owner, are the first to be considered. The pig wants several things, and these he must have if he is to produce pork cheaply. He must have good feed and plenty of it; he must have pure, fresh water to drink; he must have clean quarters and enough range to keep him active and healthy; he must have shade in hot weather; and he must be kept free from lice, so that what he eats will go to the building up of his own body instead of feeding these parasites.—Raleigh (N. C.) Progressive Farmer.

ARRESTED IN GOLDSBORO.

J. N. Brittain, Piano Tuner, and a Mrs. Giles, of Wilmington, N. C.

(Special Star Correspondence.)

Goldsboro, N. C., Aug. 2.—Last night Mr. J. R. Giles, a piano tuner, who has been in this city for some weeks, swore out a warrant against his wife, Mrs. Giles and Mr. J. N. Brittain, of this city, charging them with fornication and adultery. The warrant was turned over to Officer W. F. Cuddington who at once began a search for the couple, and about 11 o'clock last night he located the pair at the home of the defendant, Mr. J. N. Brittain. When the officer arrived at the home of Mr. Brittain he found Mrs. Giles engaged in writing letters, and when questioned by the officer did not deny the fact that she was the wife of Giles, but did not seem very proud of the title. The officer arrested Mrs. Giles and Brittain and took them to the city hall where they spent the night in the guardhouse. Mrs. Giles was neatly dressed, is a handsome looking woman and seemed to take her misfortune very mildly. The case was given a hearing this morning before Mayor Higgins who bound the couple over to the higher court under a bond of $100 each.

Mrs. Giles' husband went to the home of Mr. Brittain and secured several letters from Mrs. Brittain that had been written by Mrs. Giles to Brittain and produced them at the trial. Two witnesses also swore that Mrs. Giles and Brittain had registered at a local boarding house in this city and lived together for three days.

In an interview with your correspondent Mrs. Giles stated that she has not lived with her husband since June 22nd, and the reason she left him was that he would not support her as a husband should and half the time did not provide the home with any provisions, she having to support herself by doing little jobs of sewing; that she only regarded Mr. Brittain as a good friend which he proved to be when he buried two of her children who died in Wilmington and paid the funeral expenses, her husband refusing to furnish her with the necessary funds to pay the bills.

Mrs. Giles arrived in this city last night from Wilmington and was met at the train by Mr. Brittain. They proceeded at once to the home of Brittain where they were arrested as above stated. Mr. Brittain seemed to be in a sulky mood this afternoon and would have nothing to say. At this writing the couple are still locked up in the guardhouse, being unable to find anybody to stand their bond.

MURDER NEAR ROSELAND.

One Negro Shoots Another Near Scene of Former Tragedy.

(Special Star Correspondence.)

Clarendon, N. C., Aug. 2.—Roseland, a small flag station, two miles north of here on the Conway Branch of the Atlantic Coast Line railroad, is gaining quite a reputation for its frequent killings. Before justice had been meted out to the slayer of Charlie Joyner, who was killed at this place less than three months ago, in fact, before the public mind is satisfied who his slayer really is, another murder is committed near the scene of the Joyner tragedy. Abe Hardy was living with Joe Vereen in one of the tenant houses on the farm of Mr. W. C. Gore. Sunday morning, as is usually the custom where two or three of this race is together, Hardy and Vereen, both colored, were playing. It appears that Hardy ran out of the house, when Vereen called to him and told him if he did not stop he would shoot him, carrying his threat into execution by firing upon him with a pistol, the ball entering the back of Hardy and piercing the intestines. Dr. Baggett, of Tabor, was called, who extracted the ball and gave temporary relief. The wound was fatal and beyond medical skill. Hardee, however, lived until Monday morning about 5 o'clock. The killing was reported accidental, but it has developed that there was an old grudge between them, and also that there was a fight between them several months ago. Vereen made no attempt to escape and was locked up in the calaboose here. Coroner Mills was notified and reported promptly and with his jury thoroughly investigated the killing. The jury returned a verdict that the deceased, Abe Hardy, came to his death from a pistol ball wound inflicted by Joe Vereen. Immediately after the inquest Vereen was taken over to Whiteville and lodged in jail to await preliminary hearing which will be given him within the next day or two.

AUDIT AND FINANCE BOARD

Regular Semi-Monthly Meeting Held Last Night—Several Matters From Board of Aldermen. Award of Contracts.

The Board of Audit and Finance of the city was in regular semi-monthly session last night, but transacted no business of general interest. The session lasted less than two hours.

The Board met at 8 o'clock with Chairman Heyer presiding and Messrs. Jesse Wilder, W. B. Cooper, H. C. McQueen and M. G. Tiencken in attendance. Assistant City Clerk and Treasurer C. H. White kept a record of the proceedings in the absence of Capt. T. D. Meares, the clerk. There were also in attendance Alderman Louis E. Hall and Attorney Marsden Bellamy. After reading minutes of preceding meeting, Mr. Bellamy was heard with reference to settlement of a suit pending in Superior Court since he was city attorney, and Alderman Hall, chairman of the Finance Committee of his board, also spoke with reference thereto. The action of the Aldermen as to the matter was concurred in. In this connection, Chairman Heyer suggested the placing of the city attorneyship upon a more definite and lucrative basis, but no action was taken.

A communication from the Board of Aldermen was read; also one from the Street Commission recommending the employment of a draftsman at a salary of $60 per month. The latter was not concurred in. Bond of City Engineer R. C. Humphreys in the sum of $5,000 with the United States Fidelity and Guaranty Co., as surety, was concurred in.

Action of the Aldermen in awarding contracts to T. A. Callihan for deep wells at $98.50 each, and Springer Coal Company for fuel, was concurred in. Bill of Keeper Murphy, of the smallpox house of detention, was concurred in. Appropriation of $500 for repairing and replacing wooden "trunks" or drains was deferred for information. Mr. Tiencken claimed that this work should be done by the Streets and Wharves Committee out of the $26,000 regular appropriation.

The action of the Aldermen in placing a tax of $250 per year on surface closets, with a letter from City Attorney Walter Clark, relative to the Raleigh ordinance, were read, but action was deferred for further information and investigation. No action was taken with reference to the ordinance prohibiting newsboys from frequenting hotel porches and sidewalks in front of hotels.

Salaries for the seven special health officers were fixed at $55 per month and it was ordered that they be employed until September 15th.

A communication from the Water and Sewerage Commission giving list of warrants paid during July was read. A similar communication was read from the Street Commission.

Bill of City Attorney McClammy for $135, covering cases tried before the Recorder's court, duly approved by Mayor MacRae, was read and deferred for further information from the Board of Aldermen.

After passing on bills for current expenses, the Board adjourned subject to call of the chairman.

THE RECORDER'S COURT.

Negro Given Thirty Days on Roads for Vagrancy—Other Cases.

Substitute Recorder Harriss presided over yesterday's session of the Recorder's court and a number of cases were disposed of. David McCoy, colored, was found guilty of the charge of vagrancy and sentenced to 30 days on the county roads. It was stated that he recently completed a term on the roads for the same offense. M. G. Silvia, a white man, who has appeared in court frequently on the charge of drunkenness, was in court again yesterday. He was fined $25 and costs, but Acting Recorder Harriss finally decided to remit the fine if the defendant would take an oath not to drink another drop of whiskey or other intoxicants for a period of six months. The defendant readily agreed and took the oath. It was stated that he took a similar oath some years ago and abstained from drink for two years. A case against Eugene Brown, colored, charged with the larceny of a can of lard from the store of King Bros., Ninth and Walnut streets, yesterday morning, was not called, but will be taken up this morning. The negro was arrested yesterday morning after an exciting chase during which a number of shots were fired in the direction of the fleet-footed negro. Among those in the chase after the negro were Officers Robt. Green and Charlie Jones and Mr. Wm. Sheehan.

HOOKWORM DISEASE.

Dr. C. F. Strosnider Delivering Lectures in This Section.

In the city yesterday was Dr. C. F. Strosnider, formerly a member of the staff of physicians of the James Walker Memorial Hospital, but now one of the representatives of the crusade for the Eradication of Hookworm Disease being conducted under the control of the North Carolina Board of Health. He was here for only a short time on his way from Whiteville, where he lectured yesterday to a large crowd, to Lillington, where he will deliver a lecture today.

Dr. Strosnider began his work Monday when he lectured to a large gathering of teachers of Onslow county. He is gratified with the interest the people are taking in the campaign for the eradication of the disease. Dr. Page, another traveling representative for the dissemination of information relative to the disease, is at work in the northeastern part of the State.

Yesterday afternoon's Fayetteville Observer: Masters William and Archie Glover are visiting their aunt, Mrs. N. E. Bunting, in Wilmington.—E. F. McCulloch, Esq., of White Oak, and H. L. VERDICT FAVORS PLAINTIFF

J. W. Holmes Awarded $5,000 Damages by Superior Court Jury Against Dr. L. H. Love—An Appeal Likely.

After deliberating for about an hour the Superior Court jury, which had in hearing the case of J. W. Holmes against Dr. L. H. Love, involving damages in the sum of $20,000, which has consumed the time of the court since Friday morning, yesterday afternoon at 5 o'clock brought in a verdict in favor of the plaintiff for $5,000. Nothing was said in court relative to an appeal, but it is understood that the defendant will appeal to the Supreme Court.

The plaintiff was suing for $20,000 damages, $10,000 actual and $10,000 punitive, alleging that the defendant, who attended him following injuries received in an accident on the Seaboard ten years ago, failed to give him the proper treatment, as the result of which he is denied the use of his right arm. There were a large number of witnesses in the case on both sides and the taking of testimony was not concluded until late Monday afternoon. When court reconvened yesterday morning argument of counsel began, Robt. Ruark, Esq., of counsel for the plaintiff, speaking first, being followed by George Rountree, Esq., Thos. W. Davis, Esq., and Hon. John D. Bellamy, for the defendant and Iredell Meares, Esq., for the plaintiff. The latter had not completed his argument when court took recess for dinner.

Mr. Meares continued his argument, concluding after 3 o'clock, when Judge Whedbee delivered his charge to the jury. The case was given to the 12 men about 4 o'clock. About 5 o'clock a verdict as above noted was returned. The following are the issues submitted to the jury and the answers:

"Was plaintiff injured by the negligence of the defendant, Dr. L. H. Love?" Answer, "Yes."

"What damages, if any, is plaintiff entitled to recover of defendant?" Answer, $5,000."

A jury was empaneled to try the case of J. W. Little, admr., against Frank Hill, et al., but as it afterwards appeared to the court that the case went off the docket by a former judgment, a juror was withdrawn and no trial was entered into.

The case of Mary J. Shoffner against A. L. Shoffner was tried. The jury returned a verdict in favor of the plaintiff to the effect that the defendant was married at the time of his attempted marriage to the plaintiff.

The following cases were continued: S. J. Davis against Tidewater Power Company; LaFayette King against Atlantic Coast Line Railroad Company. A judgment of non-suit was entered in the following: R. R. Richardson against Woodus Kellum; F. Wertheimer & Sons against D. L. T. Capps; Buckeye Stove Co., against E. P. Brock; and judgment was signed in the following: U. C. Ellis against Josh Simon; Acetylene Apparatus Mfg. Co., against Arthur L. Council.

DUNCAN SUPPORTERS WIN OUT

Republican Primaries Held Throughout County Yesterday—Fight was For Delegates to County Convention.

From the best information obtainable last night the supporters of Duncan for State chairman seem to have won out by a large majority in the Republican primaries held throughout New Hanover county yesterday. The Duncan forces were jubilant last night while the supporters of the candidacy of Congressman Morehead for the position of State chairman did not have much to say. The vote polled was surprisingly light, very probably less than 150 in the entire county.

The primaries were held mainly for the purpose of electing delegates to the county convention which will be held in the Court House here next Monday at 12 o'clock at which time delegates to the State, Judicial, Congressional and Senatorial conventions of the Republican party will be elected, and for the election of executive committeemen. The name of Mr. D. D. Lennon appeared on the ticket as candidate for the State Senate and the name of Mr. E. H. Freeman for Sheriff. Candidates were not put in the field for any other office.

The county convention is entitled to 17 delegates, the number being based on one delegate for every 25 votes cast for the Republican candidate for Governor in the last election. There will be three each from the First and Fifth Wards, two each from the Second, Third and Fourth Wards and one each from the county precincts. Each city and county precinct is entitled to three members of the executive committee. Below is given the result of the primaries in the city, the county precincts not being heard from officially last night:

The following are the official returns from the five wards in the city:

First Ward—D. D. Lennon, for State Senate, 9; E. H. Freeman, for Sheriff, 10. Executive committeemen—Jas. Elkins, 13; L. A. Watkins, 14; Wm. Sheehan, Sr., 14; Wm. Crownstream, 4; L. G. Cox, 4; H. B. Murray, 2. Delegates to county convention—C. O. Knox, 14; Jas. Elder, 12; Jas. Elkins, 11; Wm. Crownstream, 4; L. G. Cox, 3; H. B. Murray, 3; R. M. Murray, 1.

Second—Lennon, for Senate, 4; Freeman, for Sheriff, 4. Executive committeemen—Wm. E. Worth, 1; L. A. Blue, 1; E. C. Pigford, 1; W. J. Meredith, 4; E. W. Manning, 4; W. R. Morrison, 4. Delegates to county convention—W. J. Meredith, 4; E. W. Manning, 4; Wm. E. Worth, 0; E. J. Pigford, 0.

Third—Lennon, 12; Freeman, 11. Executive committeemen—A. P. Yopp, 2; G. E. Leftwich, 2; C. O. Byerly, 2; Wm. Struthers, Jr., 11; F. A. Thompson, 12; D. D. Lennon, 12. Delegates to county convention—G. E. Leftwich, 3; C. O. Byerly, 3; D. D. Lennon, 12; F. A. Thompson, 12.

Fourth—Lennon, 11; Freeman, 9. Executive committeemen—J. R. Bear, 9; E. Norfleet, 11; W. T. Mercer, 12; S. M. King, 8; M. F. Croom, 9. Delegates to county convention—E. Norfleet, 8; J. R. Bear, 7; D. L. Gore, 9; T. E. Wallace, 10.

Fifth—Lennon, 28; Freeman, 32. Executive committeemen—W. V. Sellars, 8; Joe Dukes, 7; H. H. Hooker, 7; Jas. Loughlin, 23; W. W. King, Jr., 23; F. M. Griffith, 23. Delegates to county convention—W. V. Sellars, 5; Joe Dukes, 5; H. H. Hooker, 4; J. W. Brooks, 22; F. B. Rice, 26; P. T. Dicksey, 23.

REGULAR MONTHLY MEETING

Routine Matters Considered by Police and Fire Commission—Three Firemen Resigned—Vacancies Filled.

The Police and Fire Commission was in session for about an hour last night with Chairman Wm. E. Springer presiding and Commissioners French, Woolvin, Barry and Burnett, Chief of Police Williams, Chief of Fire Department Schnibben and Clerk J. J. Fowler in attendance. Matters before the body were largely of a routine nature. After the reading of the minutes of the last meeting reports were received from the fire and police departments.

The report of Chief Williams, of the Police Department, for the month of July showed that there were a total of 151 arrests, 71 whites and 80 colored, as follows: Drunks, 37 white and 14 colored; disorderly conduct, 9; colored, 13; jumping trains, colored, 1; larceny, whites, 3; colored, 2; assault, whites, 2; colored, 10; unlicensed tax, whites, 1; colored, 6; assault with deadly weapon, colored, 9; vagrancy, colored, 4; carrying concealed weapons, whites, 1; colored, 4; forgery, whites, 1; colored, 1; selling on Sunday, whites, 2; insane, colored, 1; safe keeping, white, 2; colored, 1; hitching horses to telegraph poles, whites, 1; colored, 3; gambling, colored, 3; reckless running of automobile, whites, 1; obstruction of streets, whites, 1; colored, 1; violation of prohibition law, whites, 4; unlicensed dogs, white, 5; colored, 6; resisting officer, white, 1; colored, 1.

Chief Chas. Schnibben, of the Fire Department, reported six alarms during the month with a total property loss of not exceeding $3,000. Chief Schnibben also made report relative to the smallpox cases at the central fire station, which showed conclusively that the fire department did its duty in the matter of making prompt report to the health authorities, who advised that it was not necessary to quarrantine, or to tack placards on the fire station. The three men who had the disease have recovered.

Chairman Springer asked Chief Williams, of the police department, how he accounted for the increased number of arrests over the previous month, when there were less than a hundred. Chief Williams stated that it was easy to explain this. First, there were a larger number of excursionists in Wilmington during the month of July than in the month of June. Of the total number of arrests 51 were for drunkenness, many of whom were from a distance; 22 were for disorderly conduct, coming practically under the same head as drunkenness; 10 were for failure to comply with the tax ordinance; besides there were 19 arrests of colored people for assault, July being vacation month for them, bringing in the total from the causes enumerated to 110. The Commission was satisfied with the explanation.

Commissioner French reported that Messrs. J. E. Haar, M. T. Sellars and A. D. Byrd had resigned as members of the fire department and recommended that the following be named to fill the vacancies: Messrs. H. W. Wright, O. C. Herring and T. M. Jones. The resignations were accepted and the three named elected to fill the vacancies.

Upon motion of Commissioner French it was ordered that the fire alarm box now on the hospital grounds be placed inside the hospital building and that another box be procured for the hospital grounds. This action is in keeping with all progressive cities which have modern hospitals, as all have a private fire alarm box.

Chief Schnibben, of the Fire Department, was voted a vacation of ten days or two weeks to attend the annual meeting of the Inter-National Fire Chiefs' Association, which will be held at Syracuse, N. Y., August 25th to 30th.

Chairman Springer mentioned the fact that the Commission had been criticised by some misinformed persons relative to allowing policemen to do service at Wrightsville Beach during the recent Congressional convention. He stated that it had been the custom from time immemorial to send officers to Wrightsville and Carolina beaches when any request was made for them; that only men off duty were sent and that they were paid for their time by those desiring their services. Chairman Springer stated further that officers had recently been sent to Charlotte and to Newbern to do duty during important occasions as a matter of courtesy. In addition, it will be remembered that a number of towns and cities in North Carolina sent officers to Wilmington at the request of the Mayor of this city to do patrol duty during the Taft Day celebration. Other members of the Commission agreed with the chairman in his statement of the matter. No action was taken because none was necessary. There being no further business before the body adjournment was taken shortly after 9 o'clock.

Charlotte to Wilmington Highway.

(Rockingham Post.)

An excellent highway, suitable to conveyances of all types, should be built from Charlotte to Wilmington, traversing the counties of Mecklenburg, Union, Anson, Richmond, Scitland, Robeson, Bladen, Columbus, Brunswick and New Hanover. This would open up by private conveyance an avenue from the mountains to the sea, and from the sea to the mountains. It would bring sections, now far removed except by railroad, close together. They could touch hands as neighbors. It would greatly benefit all the country through which it goes, and really is demanded by the times. Let's build it. Let the people and the newspapers of the several counties get busy.

THE FAVORITE

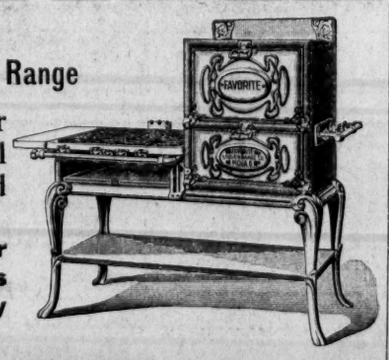
Free Lectures on Domestic Science and Scientific Cooking

By One of the Foremost Demonstrators of This Country—Mrs. J. M. Whitted

Beginning Monday, August 8th.

No Ashes—No Soot—No Dust—No Odor

It's a Favorite—
The BEST Gas Range



No one who has ever used a Gas Range will ever go back to the old way.

No one who has ever used a FAVORITE Gas Range will ever use any other kind.

The more you use a FAVORITE Gas Range, the better you will like it The more you understand it, the better it will serve you.

A Favorite Gas Range makes no dirt in the kitchen. It is the clean way to cook There's no kindling, no coal no ashes.

Mrs. Whitted will use FAVORITE Gas Ranges exclusive in her lectures. She says she gets better results with them than any other line of ranges she has ever tried.

A FEW FACTS ABOUT MRS. WHITTED

Mrs. Whitted is a Southern woman, and one of our own state. We are glad she is, for she has gained an enviable reputation as one of the leading demonstrators and lecturers on domestic science and scientific cookery in the United States.

We feel especially fortunate in securing her for she is an advanced leader in the theories and practices of the home kitchen.

Her deftness and skill are quite wonderful She will not only prepare tempting menus before the eyes of the ladies, but she will give some of her choicest receitps to any one who desires them.

These lectures will last all week. Mrs. Whitted will prepare special menus each day which will be served to the listeners.

Two lectures will be given each day; Monday, Tuesday and Wednesday at 10:30 A. M., 4:30 P. M.; Thursday, Friday and Saturday 4:30 P. M., and 8:30 P. M., in the new Woolvin Building, Nos. 217, 219, 221 and 223 Princess street. (Between 2nd and 3rd streets.)

GAS RANGES THAT BRING COMFORT AND ECONOMY

FAVORITE Gas Ranges will be used exclutively in the domestic science lectures at our store.

Why? Because they are the most satisfactory, best baking, most dependable ranges that we know of.

The burners are so constructed that they give more heat with less gas than any others.

The oven is the most perfect ever installed in a gas range. It bakes evenly, quickly and thoroughly.

The flame from the FAVORITE burner is blue in color, with no wavering, and no tips. No more blackened and discolored utensils.

A FAVORITE in your kitchen would mean quick fires —even baking—meals on time—a cool kitchen—and economy of fuel.

No housewife who finds out how much a FAVORITE lightens labor and expense, ever goes back to the old way of cooking.

They visited many States, including California, Washington, Oregon, etc. The wonderful Yellowstone Park, the Grand Canon and other Western wonders were taken in, the trip having included eleven States in which there was snow at the time of their visit. Captain and Mrs. Hart left Wilmington June 15th and returned last Saturday.

LOCAL DOTS.

—"The Brave Deserve the Fair," an exceptional story produced with painstaking care, and "The Sisal Industry in the Bahamas," are the titles of the feature pictures that will be shown today at the Bijou theatre.

—A telephone message from Town Creek, Brunswick county, yesterday afternoon, was to the effect that Mr. Preston Henry, who was severely scalded Monday afternoon, was getting along as well as could be expected, but that he was not yet considered out of danger.

MAYOR APPOINTS COMMITTEE.

Will Consider Advisability of Down-Town Fire Station.

Mayor Walter G. MacRae yesterday appointed Aldermen Rehder, Ellis and Stone as the committee authorized in a resolution adopted by the Board of Aldermen Monday night to confer with committees from the Police and Fire Commission and the Board of Audit and Finance relative to the advisability of establishing a down-town fire station. At the meeting Monday night the condition of the Fourth and Princess street station was called to the attention of the board and it was suggested that instead of repairing the old building or erecting a new one on that site it might be preferable to secure a down-town site and remove the fire station. It was stated that the F. P. Mills livery stables property, on Second, between Princess and Chesnut, could be purchased for the purpose. The committee will make an investigation and confer with the other two bodies and report back to the board.

MR. W. F. VAUGHT DEAD.

Passed Away at His Home in Conway, S. C.—Formerly Employed Here.

Many Wilmington friends have learned with sadness of the death of Mr. William F. Vaught, which occurred at his home in Conway, S. C., on Sunday after a six weeks illness with typhoid fever. Mr. Vaught was formerly employed by Mr. Geo. O. Gaylord in this city but recently had been with Messrs. Burroughs & Collins, of Conway. He was about 20 years of age and was held in the highest esteem by everyone in the circle of his acquaintance. Mr. J. B. Vaught, of this city, was summoned to Conway Sunday by a telegram announcing the sad death. His parents, four brothers and three sisters survive the young man and have the tenderest sympathy of all in their bereavement.

REUNION OF VETERANS.

Two Brave Survivors of Struggle Have Happy Meeting.

For the first time in 45 years, two Confederate veterans met at Wrightsville Beach Sunday and spent the day most pleasantly together, reviewing the incidents of the struggle between the States. They were Mr. Levy Johnson, of Goldsboro, and Mr. R. J. Darden, of Wilmington, both members of the Goldsboro provost guard during the war. It was indeed a happy meeting and the day passed away all too swiftly for the two brave men who espoused the Southern cause during the notable struggle.

TREAT IN STORE FOR LADIES.

Lectures and Demonstrations on Cooking by an Expert.

Workmen are busily engaged in making the necessary changes in the new Woolvin building, on Princess street, for the lectures and demonstrations to be held there next week by Mrs. J. M. Whitted under the auspices of the gas department of the Tidewater Power Company. A platform is now being built and several hundred seats will be installed, and with the electric fans and decorations this will be a cool and attractive place. Monday, Tuesday and Wednesday, these demonstrations will be held at 10:30 A. M. and 4:30 P. M. and Thursday, Friday and Saturday, at 4:30 and 8:30 P. M.

The Tidewater Company should be congratulated upon securing the services of Mrs. Whitted, and this should prove quite a treat for the general public. Mrs. Whitted is a native of this State and has won an enviable reputation in the lecturing and demonstrating field, being in almost constant demand throughout the entire East. Her tempting menus prepared as only a Southern woman can, have made "a hit" wherever she has been. All of the recipes for different menus prepared by her, will be given those attending the demonstrations ,and any information as regards culinary practice will be given upon request. While these demonstrations are given by the gas company, they are for the benefit of the Wilmington public at large, and all are invited, regardless of whether they use gas or not.

With the increased cost of living, these lectures, carrying as they do, the message of kitchen economy, should be of vital interest to all and particularly, practical house-keepers. "How to reduce the cost of living" is a topic of world-wide interest and every one should avail themselves of the opportunity of hearing one of the foremost exponents of this country. To make these lectures as far-reaching as possible, the gas company will endeavor to give demonstrations in the homes of the city upon request, and they ask that the public co-operate with them by offering suggestions, and doing everything possible to popularize and encourage these lectures, which will no doubt be given from time to time.

In the larger cities especially, these lectures have been started in a small way, and have grown until today, they are a part of the public schools. Demonstrations started in Atlanta a few years ago, have grown so popular that they now have Departments of Domestic Science in the public schools, devoting the entire top floors of two buildings to these departments. Here, the practice of household economy is begun early and hundreds will get training, that, no matter what their station in life will be, they will be almost wholly independent of the servant problem that is causing so much worry and trouble today. These lectures are worthy of the attendance of every one, and Mrs. Whitted and the gas company will have a large and appreciative attendence at every lecture.

The demonstration will be conducted from a platform placed at one end of the room, A gas range is connected on the platform, as well as other kitchen equipment, thus making a small model kitchen. Chairs for the audience are placed in front of this platform. Mrs. Whitted then cooks various things during which time she lectures to the audience on the practical use of domestic science. One of the features of the lecture is to instruct the audience on the economical use of the gas range. The lectures usually last from one and one-half to two hours.

WALKER N. FREEMAN.

Success of Boy Who Had His "Start" in Wilmington.

(North Carolina Odd Fellow.)

Perhaps no young man who has been an inmate of the Home has had a greater degree of success meted out to him than has Walker Freeman. Leaving the Home on April 1, 1902, he went to live with his aunt in Raleigh. While there he attended a business college, learning shorthand, bookkeeping, telegraphy and banking. After completing his course there, Mr. W. H. Yopp, a prominent Odd Fellow of Wilmington, secured for him a position in the offices of the Atlantic Coast Line Railroad Company, in that city, which he accepted and held for several years. Leaving there he accepted a position with the Florida East Coast Railroad at St. Augustine, Fla. In this position he was supervisor of locomotimes, machine shops, etc., and had occasion to make various trips to Nassau and Hanava, Cuba.

At this time, feeling that he was able to look out for himself, he set his plans for the future. Resigning this position, he accepted another, this time being made Traveling Passenger Agent for a railroad in the North. This took him all through the West and Northwest. His idea in changing positions, he says, was all for a set purpose, and he resigned again, and went to Panama for the largest steel manufacturer in the United States. Realizing that he had made a great mistake by going to Panama, he soon returned and associated himself with the Keller Manufacturing Company, of Philadelphia, manufacturers of Santo Vacuum Cleaners, clothes washers ,nursery washers, etc. Walker is superintendent of their entire plant in Philadelphia, and has under him from 250 to 300 mechanics. Last Spring he made a trip to London and Hamburg where he spent seven weeks on business. In a recent letter, he writes:

"I should have taken time from business and gone down into North Carolina, certainly to Wilmington and Goldsboro. If nothing unforeseen happens, I shall try to make a visit some time later to both of those cities, in an endeavor to make up for lost time there; time that I have devoted solely to business." And again: "Do not get away from the fact that the Home made me. At the time my ambition was alive and ripe to do something I was allowed to go out and do it."

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains, and corns. Try it. 25c at Robt. R. Bellamy.

MRS. JONES INJURED.

Thrown From Southbound Train as She Was Alighting at Wrightsboro.

Mrs. T. Jones, of Kenansville, was thrown and quite severely, if not seriously injured, as she was alighting from the southbound train, No. 41, of the Atlantic Coast Line, yesterday morning at Wrightsboro, four miles above Wilmington. Mrs. Jones was on the way to visit Mrs. J. Herbert Johnson, who lives near Wrightsboro, and Mr. Johnson was at the train to meet her, but the train ran past the station some distance. Mrs. Jones says that no member of the train crew called out the station and inquiring of some of the passengers, she was told that was her destination. As she gathered up her baggage and was alighting from the train, the cars moved up again and she was thrown violently to the ground. Mr. Johnson witnessed the accident and ran to her assistance as speedily as possible and the injured lady was taken to his home where she was given attention. She was badly bruised and suffered a considerable nervous shock as the result of her experience, but it was stated at Mr. Johnson's home last night that no bones were broken. Mrs. Jones and her hosts are very indignant at the treatment she received as a passenger on the line and wish to protest most strenuously the treatment Mrs. Jones received.

CAPT. FIELD IN CHARGE.

New Administration System of Light House Department.

Capt. H. A. Field has assumed charge of the Sixth Lighthouse District, with headquarters at Charleston, and yesterday's News and Courier had the following to say:

"Yesterday marked the first day of the new administrative system that will hereafter be in force in the light-house department of this district. Capt. H. A. Field is now at the head of the several districts of which he was formerly inspector. Formerly a portion of the duties in connection with the lighthouse system was under the supervision of the corps of engineers of this district, of whom Capt. E. M. Adams is the chief. Capt. Field is now in sole charge of the Sixth district and the engineer clerical force that has been employed in connection with these duties, together with the office equipment, has been moved to the old postoffice building, where the entire working force of the department is now consolidated under one roof, greatly facilitating the work of the department."

DIED AT FORT CASWELL.

Soldier Passed Away Monday Night—Remains Brought Here.

The body of Mr. Chas. Duggen, 24 years, a member of the Coast Artillery Corps, stationed at Fort Caswell, whose death occurred Monday night at 8:45 o'clock was brought to this city yesterday and prepared for burial at the funeral parlors of Mr. James F. Woolvin. A post mortem examination was held by Dr. Dosher and two other fort physicians to ascertain the cause of the young man's death, as there was some uncertainty of the disease. The physicians, after making the examination, stated that the young man died of Addison's disease. Mr. Duggen formerly lived in Kentucky and his body is at the undertaking establishment awaiting instructions from his relatives, The remains were accompanied to this city by an escort of six soldiers from Fort Caswell.

MR. GARRELL BACK HOME.

Made Interesting Inland Trip in Handsome Yacht Iola.

After covering a distance of several thousand miles down the Atlantic coast by the inland route in his handsome new yacht Iola, Mr. John F. Garrell reached here Monday from a voyage that started from a Canadian port and stated that he had a most interesting and successful trip. He was accompanied by his son, George Garrell, and Mr. W. A. McGown, of this city.

The voyage was made through the canals and by way of the Chesapeake Bay and was well planned and greatly enjoyed by the party. The yacht was purchased by Mr. Garrell last Winter at Rochester, N. Y., and received extensive repairs before the long journey was attempted. It is one of the best equipped and most modern at the local port. The trip required several months and they were most pleasantly welcomed home by their many friends.

FINAL DRAINAGE REPORT.

Work in Lyon Swamp District Soon—Crops Were Damaged.

The final report with reference to the classification of the land and other matters required by law in regard to the Lyon swamp drainage district was filed with the Clerk of Court at Burgaw this week. This is doubtless the closing preliminary step before actual work on the drainage project begins.

Mr. B. F. Keith went over the Canetuck and Kelly's Cove section the latter part of last week with a member of the firm of Sternberg Sons, one of the largest contracting firms of the West, who viewed the district with an object of bidding on the proposed work. Every effort will be made by the promoters to have the work begin within the next few months. It is stated that the recent continuous rains in that section did considerable damage to the crops.

Mr. Edwin M. Betts.

The following from the North Carolina Odd Fellow will be read with interest by Wilmington friends: "We learn that Mr. Edwin M. Betts, who leaves the Home this Summer, is going to take a course at the Southern Conservatory of Music at Durham next year. We have never seen a boy with as much musical talent as Edwin, and feel safe in saying that he will come up to every expectation, and do well. Come on, old boy, we would like to have some more Home boys in Durham, anyhow."

Two Steamers About Due.

The British steamer Reliance from Hamburg, which sailed on July 16th with a cargo of fertilizer materials for this port, is expected to arrive the latter part of the week. It is reported here that the British steamer Putney Bridge, which has frequently visited the port of Wilmington is bound here at the present time with fertilizer constituents. Another steamer, previously mentioned, for this port, is the Hillbrook, from Rotterdam.

READY FOR MANEUVERS.

Final Drill by Wilmington Light Infantry Tonight—Caswell.

Members of the Wilmington Light Infantry, officially known as Company C, Coast Artillery Reserves, North Carolina National Guard, is making ready for the annual maneuvers with the regulars at the United States Army post at Fort Caswell, which begins Friday, August 5th, and continues ten days to the 15th inst. The final drill will be held tonight at the armory and members are officially called in Generals Orders No. 11, published elsewhere in today's paper, to assemble at the armory at the usual hour for this drill.

The W. L. I. is very desirous of making a fine showing at the maneuvers this year. The company has always well sustained the prestige of the city in military affairs and this year will prove no exception to the rule. The company will be in command of Capt. Edwin A. Metts.

—The Cubs, the team in the cellar in the Junior baseball league at the Y. M. C. A. added one to their list last night by taking a pretty game from the Tigers. Fast playing was the feature of the game. The score was 6 to 4 in favor of the Cubs. The game was umpired by Ben Houston.

AUGUST CONDITION OF COTTON

Government Report Followed by Heavy Realization on Market Yesterday—Opened Firm at Advance of 7 to 14 Points.

New York, Aug. 2.—The feature in the cotton market today was the government report for August condition which proved to be about as expected and which was followed by heavy realizing under which prices eased off quite sharply. The crop outlook was considered too bullish however, to encourage operations for short account and after liquidating sales had been absorbed the market became steadier on covering, renewed bull support and trade buying with the close steady net 2 points higher to 9 points lower.

The market opened firm at an advance of 7 to 14 points with December and later months making new high records on a bullish private condition report, the continued dry, hot weather in the southwest and reports of a better spot demand. The opening was better than due on the cables and during the early trading there was a reaction of 4 to 5 points from the best under realizing, but the market found good support and when the government report was issued, prices were within a point or two of the top. The condition of 75.5 per cent. against 80.7 last month and 71.9 last year, as reported by the government was just about as had been expected and immediately upon its publication there was a rush of profit taking on which prices broke about 20 plonts from the high level of the morning and to a net loss of about 9 to 12 points. The offerings were very well absorbed on the decline, however, and a considerable part of the loss was recovered later in the afternoon with fresh buyers encouraged by a theory that the condition in Texas had deteriorated still further since July 25th, the date on which the government report was compiled. Moreover there was nothing in the official forecasts to indicate any break in the Texas drouth and some local statisticians made the condition of 75.5 per cent. the basis for crop estimates of under twelve million bales.

Receipts of cotton at the ports today 504 bales against 3.680 last week and 1,090 last year. For the week 18,000 bales against 20,780 last week and 10,257 last year. Today's receipts at New Orleans three bales against 176 last year and at Houston 216 bales against 128 last year.

Spot closed quiet 10 points advance; middling uplands 15.30, middling gulf 15.55. Sales none.

Futures opened firm and closed steady.

REPORT CAUSES DECLINE.

Condition of August Cotton 75.5 as Given by Government.

(Special Star Telegram.)

New York, Aug. 2.—The bureau report estimating condition at 75.5 was singularly near the average of the exchange opinion of 75.6 and had the immediate effect of forcing a temporary decline on the better showing of Texas than expected. A rally followed speedily and most of the loss being recovered.

The market was active and irregular with an early advance on the Journal of Commerce opinion that a general decrease in condition was 6.9. On this shorts covered freely. Till Texas gets its much needed rain no aggressive bear opposition to prices is probable. Within the coming ten days rain there would change the outlook materially. While Liverpool made fair response the bureau figures would appear to be discounted. The value of the estimate is not yet determined. The increased acreage and decreased production make buyers waver and should they enter the market it will be in spite of the dullness of trade. August receipts are a matter of importance the market is a weather one.

BEARS FIGURE ON THE MARKET

Detected in Movement of Special Stocks During the Past Few Days —Continual Fluctuations in Course of Prices.

New York, Aug. 2.—The stock market today was largely an affair of professional traders and their views of the speculative outlook seemed to change from hour to hour judging by the continual fluctuations in the course of prices. The movement of some special stocks gave warning that the bear party had been at work in the past few days. The perception of this fact and the suspicions which it engendered were as much an influence on the day's market as any news bearing on conditions affecting actual values.

There is no one subject at present to which so much importance is attached as the year's agricultural harvests and the market showed a real response to the more hopeful turn of the day's news in that respect. Early depression was transformed into a bouyant and active closing.

The government report on cotton condition as of July 25th, was the fremost influence in shaping judgment of the agricultural outlook. The condition figures, showing a heavy deterioration during the month and a poor comparison with the average in a number of years, does not offer great inspiration to enthusiasm when considered absolutely. The speculation considered it not from that sandpoint, but relatively. In that light, it was no worse than expected and better than some of the preliminary estimates, notably that of the National Ginners' Association. The action of the cotton market itself since large speculative realizing was called for even on a poor showing in the government report was of doubtful value as an index of the situation. The influence of the monthly report was supplemented by the language of the weekly bulletin of the weather bureau reporting "much needed warmth and sunshine" making it "on the whole, probably the favorable week of the season" in the Eastern portion of the cotton belt, which is the portion most seriously affected by the unfavorable showing of the government report. Finally the drouth stricken portions of the corn belt were reported as having been visited by "abundant and soaking rains" and there was heavy selling of that commodity.

The cheerful tenor of these advices strengthened the resistance which stocks had begun to show to the depression of the early part of the day. The depression centered on the Hawley group, to the accompaniment of predictions that the dividend on C. & O. could not be maintained and that the ambitious projects of combination centering around that property were becoming involved in embarrassment similar to those which overcame the Pearson syndicate. There appeared a demand for the stock that was not felt yesterday during its sharp fall and that bears found the supply small when they began to bid for it to cover their shorts. This put a new face on the matter. The strong rally in C. & O. and a similar rebound in Sloss Sheffield Steel served as a warning that protective measures against bear raids were in force.

The over-extended bears in the market were put fairly to rout before the end of the day and the active list showed gains all the way from one to four points.

Bonds were irregular. Total sales par value $1,300,000. United States bonds were unchanged on call. Total sales for the day 638,600 shares.

THE GRAIN MARKET.

Chicago, Aug. 2.—Surprising indications that the Illinois wheat crop, notwithstanding supposed heavy losses by Hession fly will be 45,000,000 as against 33,000,000 bushels a year ago, smashed the market today. The close was weak at nearly the lowest point of the season and showing a fall of 5-8 to 1c as compared with 24 hours previous. There was a final loss of 1 1-2 to 1 3-4 in corn and 5-8 to 3-4 in oats. For provisions the latest figures ranged from 22 1-2 advanced to 58 decline.

TEDDY WITH MINERS.

Ex-President Spends Day in Social Study—Incidents of Trip.

Scranton, Pa., Aug. 2.—Theodore Roosevelt spent the day among the workers in the heart of the Pennsylvania mining region. And he talked with the men who dig in coal as they came from the mines, black with grime.

He talked with them about their homes, their children and their manner of living. He talked with their wives and their children, and learned from their own lips how they look at life. He climbed to the top of a coal breaker and spent half an hour there in the stifling coal dust, so that he might see what the boys who work there have to do. He spent another half hour in a silk mill, talking with the girl workers. He visited to people in their homes and saw how they lived. He plodded two miles through the dust up hills and in all manner of places and he returned to Scranton late today, black with grime but smiling with delight at his experiences. The best part of all, he said, was that he was able to meet the people as a private citizen and talk with them as man to man.

Many of the toilers had no idea of the ex-President's identity which he took care to conceal when possible until after he had finished his talk. Others who knew who he was treated him, he said, not as a former President, but as a plain man who had come to see them, to talk and learn their condition.

It was close to noon today when Col. Roosevelt, Lawrence Abbott, who is associated with him in editorial work in New York; Miss Fannie Cochrane and Miss Florence Lucas Sanville, of the Consumer's League of Philadelphia, started away from Scranton. The party motored through Scranton to the North and up the Lackawanna Valley road, winding in and out past mines and breakers and clusters of miners' homes. Four miles the party proceeded without a stop until the village of Dickson City borough was reached.

It is a typical mining town of a few hundred inhabitants. The automobile labored until it could go no further in the hills and the colonel and his fellow investigators stepped out and walked.

Col. Roosevelt walked on the dust until he met a diminutive girl clad in a blue dress, her hair tied with pink ribbon. He stopped her and asked her who she was. She answered by giving her name as Annie Tryowski, and said that she was a winder in a silk mill. The colonel asked how long each day she worked, how she liked it and what she had in the way of amusement. His chief object of the day was to learn what the people had for diversion and how their amusements may be improved. After timidly answering more questions, the little silk-winder walked on home, without the least idea with whom she had been talking.

Jake Kavanagh, a miner, was walking down the street just then. He had just emerged from the shaft and he was as black as man could be. Col. Roosevelt stopped him. Kavenagh did not know who he was but he was willing to talk with the pleasant mannered stranger. He talked in such an interesting way of life in Dickson City borough as viewed by a miner that the ex-President took him by the arm and they walked down the street.

"I want to go home and talk with you," he said, and Kavenagh agreed. They walked up a side street to a small frame house with most of the paint worn off. They went inside and brought out on the porch Mrs. Kavenagh and the two little Kavenaghs. The former President went inside the house, looked at the small, neat rooms and complimented Mrs. Kavenagh on her proficiency as a housekeeper. Then all hands went back to the porch where the talk concerned the amusements which Dickson City borough provided for the young folks. Everybody agreed that dance halls run in conjunction with saloons are a bad thing. "But, it is important that the young people be allowed to dance, under proper conditions," said Col. Roosevelt.

"Sure, sure, it is," said Kavenagh.

"You're right."

Col. Roosevelt nodded his approval and still unrecognized, walked back up the main street. As he passed the house of John Pressman, a venerable man who used to be a miner, Pressman looked intently at him and said, "That was Roosevelt, wasn't it?" Some one in the party told him that it was and he retired into the house to put on a collar, saying that he was going to shake hands with the ex-President. He shouted the news to his neighbors and the tidings began to spread around the village.

Jackson, Miss., Aug. 2.—Lacking but three more days to complete a term of three months for pointing a gun, Jim Edwards escaped from the Oxbbakha jail last night. Three days before his brother, Dick Edwards, who was serving a life term for murder, escaped from the prison farm at Rankin.

GROWTH OF METHODISM

Interesting Figures Given Out in Nashville—For Missions.

Nashville, Tenn., Aug. 2.—In a report just given out here it is shown that during the past quadrenium $3,193,685 was collected on the foreign field by the two mission boards of the Methodist Episcopal church, South. This is an increase of $987,084 over the previous quadrennium.

The report states further: "The collections on the foreign field indicate a steady growth in the spirit of self-support. Four years ago the total contributions amounted to $36,750 (United States currency) while during the past year the sum of $52,880 has been reported, an increase of $16,130. The increase in church buildings is most striking. While in 1908 there were reported 167 churches and chapels, we have 348 at the present time—an increase of 181. Parsonages to the number of eighty have been built during the last quadrennium. The value of property owned by the Church on the mission field has advanced to nearly two and a half million dollars, the exact figure being $2,427,545, or an increase of $1,063,323.

WATSON SLAYER AT LARGE.

Search for Murderer of West Verginia Attorney Fruitless.

Parkersburg, W. Va., Aug. 2.—The murderers of former Judge James A. Watson, attorney and oil man, who was found dead on his front doorstep last Friday morning, are still at large.

Developments before the coroner's jury today were not such as to warrant any arrests.

It is now regarded as a certainty that Judge Watson was murdered by strychnine poison administered to him, after which he was robbed of more than $2,000. The coroner's inquest will continue tomorrow.

Nashville, Tenn., Aug. 2.—Revenue receipts for last month show that the use of beer and snuff stamps are on the increase in Tennessee. The total collections through the internal revenue office for July were $203,765.28, which is a gain of $39,348.40 over the receipts for July, 1909.

NOVEL MASSAGE CREAM.

Perfect Skin Food That Removes Wrinkles and Clears Complexion.

The most delicate skin will quickly respond to the soothing and tonic effects of Hokara, and when this pure skin food is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequaled, removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off.

Hokara is the only massage cream that is an antiseptic, and pimples, eczema, and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back, yet the price is a trifle, only 25c for a liberal jar.

Sold on guarantee by J. Hicks Bunting Drug Co.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

DAVIDSON COLLEGE

Fall Outlook Bright—Old System of Monitors—Notes.

Davidson, Aug. 2.—Inquiry at the office of the president of the college as to the prospects for a large attendance of students next year, brings forth the reply from the secretary in the president's absence that these seem to be very bright and that at least 125 new men should be enrolled. Of course at this date there is no certainty and figures are proverbially misleading, but if one may compare this year with last, those who the middle of the present month sent in applications for rooms were, first year matriculates were not far from twice as many as had made similar application a year ago at this date.

The old system of class monitors, so long is vogue here and which worked admirably when the classes were a mere fraction of what they are in size now, is to be abolished and paid monitors or markers of absences from morning chapel will be appointed. This means that the back of each bench will be marked off with certain numbers and each member of the class will be assigned to a certain position; the official marker, as he goes up or down the aisle, notes the vacancies and registers these by number only, later making his weekly report according to the name represented by this number.

Dr. and Mrs. John Wilson McConnell, who have returned from their vacation trip North, will on Monday move into the Worth residence, which they will rent during Mrs. J. M. Worth's two-years' sojourn in Europe.

AN AMERICAN WELCOME.

Feature of Mexican Centennial Celebration Which Begins Soon.

Mexico City, Aug. 6.—Plans by members of the American colony in Mexico City to give a big banquet in honor of the American delegation to the Mexican Centennial Independence celebration in September are now being discussed.

While the Ameriacns here are more than willing, really anxious, to show extended attention and courtesies to the delegates from the United States, it is understood that their time will be so much occupied in attend Centennial functions that only one day can be set apart for a colony reception, or banquet.

The American delegates will be housed in the Cobian place, on Salle Bucareli, according to present arrangements. They will live in spacious and luxuriously furnished apartments. It is expected that they will arrive in time to attend a big reception that will be given to the visiting delegates from all of the nations to be represented, by Enrique C. Creol, formerly Mexican ambassador in Washington, and now minister of Foreign Relations in the Diaz cabinet.

This function will be a brilliant one, as members of the entire diplomatic crops will be invited, also government officials and prominent men.

WILL OF R. B. LUTTERLOH.

Fayetteville Man Leaves Large Estate—Executor Named.

Fayetteville, N. C., Aug. 2.—The Observer this afternoon says:

"The will of the late lamented Mr. Ralph Buxton Lutterloh, who died in this city Sunday, July 24th, was probated in the office of the clerk of the Superior Court of Cumberland county this afternoon. Mr. Herbert Lutterloh is the principal beneficiary.

"The total value of the estate is placed at $80,000, or more, and is bequeathed as follows:

"To his brother, Mr. Herbert Lutterloh, in trust for his nephew, Edward L. Utley, $5,000, to revert to the trustee in case of the death of the latter.

"To his friend and cousin, Thos. F. Smith, of Altman, Fla., $1,000.

"To Nelson Brown, his faithful body servant, $500.

"To St. John's Episcopal church, Fayetteville, N. C., $500.

"The residue, consisting of lands and interest in lands in the States of North Carolina and Florida and elsewhere, and all other property, real, personal and mixed, of every kind and description, wherever located, to his 'beloved brother, Herbert Lutterloh, his heirs and assigns, in fee simple, forever.'

"The Cumberland Savings & Trust Company is named as executor.'

LUMBERTON FIRE ALARM.

New System to be Installed—Col. McLean Ill.

(Special Star Telegram.)

Lumberton, N. C., Aug. 2.—At the regular monthly meeting of the town commissioners held tonight, among other business transacted it was decided to have installed a fire alarm system which will be similar to the Gamewell system. Policeman Currie resigned his position and E. S. McNeill was elected to fill the vacancy.

Col. N. A. McLean has been confined to his room since Sunday night on account of sickness. Dr. Thompson, the attending physician, stated tonight that Col. McLean had a mild case of malarial fever.

VIRGINIA LEAGUE RECORD.

Norfolk Team Made New Record in Three Games.

Norfolk, Va., Aug. 2.—The Norfolk team of the Virginia State League by blanking Roanoke three consecutive games breaks all previous records of the Virginia League and possibly equals records of other leagues.

During the innings played only one Roanoke player reached third base, and in two of the games only twenty nine men faced the Norfolk pitcher in each game.

Two of the shut outs were made today when Norfolk won both games by the score of 4 t 0 and 6 to 0 respectively. Yesterday's score was 3 to 0.

THE SOUTHERN NATIONAL BANK

WOULD BAR LIQUOR ADS.

Mrs. Stevens Addressed Maine Temperance Societies.

Old Orchard, Me., Aug. 2.—Urging that Congress be appealed to for the adoption of a law prohibiting the circulation of liquor advertisements in prhibition States as well as the shipping of liquor into the States from others where the laws are not so stringent, Mrs. L. M. N. Stevens, of Portland, National president of the Woman's Christian Temperance Union, addressed the annual meeting and conference of the Maine Temperance Societies here today. Mrs. Stevens declared that she believed the time was coming when all the States in the Union would adopt prohibition as has Maine.
